STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 6

To: Mayor and City Council
From: Kit Newland, Director of Community Resources
Subject: **YOUTH ACTIVITY GRANT AWARD**

SUMMARY STATEMENT: The Community Resources Department respectfully requests City Council approve the 2024 Lakewood Youth Programs Grant Evaluation Committee recommendations to award twenty-five non-profits serving Lakewood youth.

BACKGROUND INFORMATION: The Youth Programs Grant is a new opportunity for nonprofit organizations to introduce unique or otherwise cost-prohibitive programming or to support existing programming that serves youth in Lakewood. The application process opened March 1, 2024, and closed at 5 p.m. on April 1, 2024. The online application and information about the criteria are available at Lakewood.org/YouthProgramGrant.

Grants of up to \$100,000 were available for a youth program or organization serving children, with a total of \$300,000 to be awarded in 2024. Project proposals competed directly with other proposals and were evaluated based on criteria including the benefit to Lakewood, youth and nonprofit status, with extra credit given to those organizations that provide programs and/or scholarships to underserved populations.

The evaluation committee met on April 17, 2024, to evaluate proposals received and recommended twenty-five organizations that met the grant criteria for funding. Previous year grant awardees were eligible if they had submitted the required final report and had expended all funds awarded in 2023.

The Youth Programs Grant utilizes funds received in 2022 from the Metropolitan Football Stadium District (MFSD). Upon the sale of the Denver Broncos Football Club, the MFSD elected to distribute these proceeds proportionately to the counties, cities, and towns in which the MFSD tax was collected, including the City of Lakewood, for the purpose of youth activities.

BUDGETARY IMPACTS: \$300,000 was originally allocated this year to the Lakewood Youth Programs Grant and was increased to \$360,000 due to the large increase in eligible applicants this year.

STAFF RECOMMENDATIONS: Staff recommends City Council approval of Resolution 2024-25, and the recommendations of the Lakewood Youth Programs Grant Evaluation Committee including members of the Community Resources Department and the Planning Department.

ALTERNATIVES: Approval of the committee recommendations is in line with the established schedule for the program. The alternative is to postpone approval of the recommendations. Postponement could delay the launch of summer programming supporting Lakewood youth.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: Upon approval, agreements with the recipients will be executed and grant funds distributed with annual reporting required.

	Nonprofit Organization	Committee's Recommended Funding 2024	Organization's Mission	Explanation of Funding Request
	40 West Arts Inc.	\$25,000	To enrich the community and enhance the creative, cultural, and economic vitality of the historic West Colfax corridor by creating community arts spaces and community arts events and by supporting creative enterprises, experiences, and activities in the district.	This grant will be used towards youth programming to include funding for our second annual summer camp program and our general youth programming that occurs at all of our free-of-charge First Friday celebrations and major festivals.
	Altitude Ultimate	\$5,000	Altitude Ultimate is dedicated to developing athletes and promoting youth participation in Ultimate Frisbee teams, leagues, tournaments, camps, and clinics. With a focus on equitable access and spirited play, Altitude Ultimate aims to foster opportunities to participate in all levels of competition; provide a clearinghouse of resources for coaches, players, parents, and fans; and serves as a stable, sustainable organization that grows and strengthens the ultimate community in the region.	Altitude Ultimate aims to create sustainable year-round programming for a greater number of Lakewood youth, including those underserved by existing programs, by reducing barriers to participation. Funds will be allocated to support youth participation through scholarships, cover additional field costs, pay organizer/coach costs for expanded events and programs, and the purchase of necessary equipment (discs, cones, jerseys, etc.). Goal is to increase participation to at least 300 youth within a calendar year.
	Balón USA	\$10,000	The mission of Balón USA is to provide high-quality, low-cost, after-school soccer opportunities for students. Balón USA aims to eliminate the opportunity gap that prohibits under-served communities from participating in organized sports. Balón USA's vision is to bring soccer opportunities to all students, regardless of ability or income.	Balón USA partners with schools and communities to offer an affordable soccer program at or near local elementary schools. Funds will be used to cover part of the costs for five teams: two teams at Eiber Elementary during the spring and fall seasons, and one team at Lasley Elementary this fall.
	Boys & Girls Club / Lasley Elementary	\$50,000	Mission is to provide Club members with a safe, supportive, fun, and enriching environment that inspires them to achieve their greatest potential. Boys & Girls Clubs of Metro Denver serves school-aged young people across the Metro Denver region, including Aurora, Brighton, Commerce City, Denver, Lakewood, and Westminster. 	Brown Bag Ministries, Inc.	\$5,000	Brown Bag Ministries is dedicated and focused to aiding neighbors of the Jefferson County community by assisting in their stability through a mobile food-pantry and weekly outreach events in the community.	Funds will be used to leave an imprint on as many children as possible. Goal is to touch their lives in a way that they will carry these memories for a lifetime. From taking groups of little kiddos in the motel to a splash park or spending the day at Elitches with the older kids, taking trips to the mountains or hiking. There are so many fun things to do and explore in the state of Colorado.
	CASA of Jefferson County	\$8,000	The mission of CASA of Jefferson is to provide trained volunteers, who advocate in court for the safety and well-being of abused, neglected, and truant children. CASA's secondary program, Youth Alliance, is to provide housing and other support for youth emancipating from foster care to help transition to a healthy and self-sufficient adulthood.	Funds will be used to train volunteers who serve children and young adults whose day-to-day lives are heavily impacted by the lasting impacts of trauma, in addition to the work and decisions made by social workers, lawyers and judges, either currently or in the very recent past. CASA volunteers and Youth Alliance coaches work in different ways to bridge the gap between court and human services for children who are, or have been, court-involved due to no fault of their own. CASA does sometimes pay for the children it serves to participate in various lessons and camps. Funding from this grant may be used for scholarships for children served.
	Colorado Rush	\$5,000	Colorado Rush Soccer is committed to providing an unparalleled soccer experience for all who have interest in the game of soccer. We believe that all players should be afforded an equal opportunity to explore their potential and participate in challenging circumstances that yield positive outcomes. We are committed to making soccer a pleasant, safe and rewarding experience for everyone involved, regardless of age or ability through quality coaching, sound leadership and absolute sincerity.	Funds will be used to provide scholarship opportunities for underprivileged children residing in the Lakewood community. With the financial aid, players will be able to afford registration fees, insurance, equipment and travel costs.

	Friends of Paha	\$25,000	Friends of Paha is a 100% volunteer non-profit board that raises money to support a summer camp for children and young adults with disabilities. Without this camp, many of these campers would be stuck at home for the summer. This camp is life changing for campers and their families because it provides the opportunity for campers to build life skills, independence, friendships and fun in a safe and nurturing environment.	Funds will be used for camp scholarships, camp supplies, and field trips. Scholarships for families and participants who cannot afford to attend camp otherwise; camp supplies covers things like arts and craft supplies, music and gym equipment, nature and science projects; and field trips such as swimming, the zoo, and many Denver area museums.

Funds will be used towards youth sports programs, facility accessibility, and enrichment programs. Youth basketball and volleyball are Gold Crown's largest sports programs with active participant numbers at nearly 20,000 annually. This grant would further support our efforts to keep costs low, make more scholarship funds available to those in need, and continue to keep the Gold Crown Field House a free venue to watch youth sports. The Gold Crown Field House and All-Star Park are home to many events and youth sports groups annually. This grant would allow us to continue to welcome these very special youth groups to Lakewood at no charge for the facility. Our enrichment programs include graphic design, music production, robotics, woodworking, video production , etc. and are completely free to the participants.
	Boy Scouts of America	\$20,000	The mission of the Boy Scouts of America is to prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law. STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 8

To: Mayor and City Council
From: Travis Parker, Director of Planning
Subject: **IGA WITH CDOT FOR W LINE BIKE PATH/ARTLINE LIGHTING AND CROSSWALK IMPROVEMENTS**

SUMMARY STATEMENT: This Resolution authorizes the City Manager to execute an intergovernmental agreement (the “IGA”) with the Colorado Department of Transportation (“CDOT”) for lighting and crosswalk improvements along the 40 West ArtLine and W Line Bike Path between Lamar Street and Mountair Park. The project is funded by a \$424,000.00 *Revitalizing Main Streets Grant* from CDOT and the required \$106,000.00 Lakewood match.

BACKGROUND INFORMATION: The [40 West ArtLine](#) is Lakewood’s award-winning 4-mile long free walking and biking arts experience. It was first envisioned by the community in 2011 and officially launched in 2018. In December 2023, Lakewood Planning Commission adopted the 40 West ArtLine Framework Plan and in February 2024, Lakewood City Council approved the Plan as an amendment to the Comprehensive Plan and adopted Design Standards & Guidelines for the 40 West ArtLine. The Plan and Design Standards & Guidelines recommend lighting and mobility improvements along the entire ArtLine route. The ArtLine segment along the W Line bike path from the Lamar light rail station to Mountair Park specifically has long been identified as an area in need of lighting and safety enhancements. This area is currently very dark and difficult to navigate at night. With the addition of improved lighting, residents and other individuals accessing the Lamar light rail station, Mountair Park, and ArtLine will benefit by having the ability to travel in and around these areas after hours. In addition to lighting, the project will add a raised pedestrian and bicyclist table-top crossing on the W Line bike path/ArtLine route at both Harlan and Lamar Streets to emphasize the crossing locations, slow vehicular traffic at the crossings, and enhance safety for the multi-modal trail users. Since the ArtLine opened in 2018, the City of Lakewood has measured a 130% increase in pedestrians and a 325% increase in bicyclists in the area. The lighting and enhanced crossings will be a significant improvement to safety and connectivity for multimodal users and help make the area safer and more inviting for all users.

BUDGETARY IMPACTS: This project was approved on the over \$75,000 project list with the adoption of the City budget on October 23, 2023, and approval of Ordinance 2023-41.

STAFF RECOMMENDATIONS: Approval of the Resolution.

ALTERNATIVES: City Council could decide not to approve the Resolution, which would result in the project being declined and the grant funds being returned, or City Council could ask for changes in the IGA before authorizing its execution. Changes to the IGA would extend the timeline for review by all parties and delay the project.

PUBLIC OUTREACH: Development of the 40 West ArtLine, and the ArtLine Framework Plan and Design Standards & Guidelines, involved thousands of residents and other stakeholders over the years and lighting and safety improvements have consistently been identified by the community as high-priority needs. This project involves collaboration with multiple City departments and representatives from Lakewood-West Colfax

Business Improvement District and 40 West Art District. In addition to these partners, the grant application was supported by the West Colfax Community Association and Metro West Housing Solutions (as they own property in the area and their residents will benefit from the lighting and safety improvements around the Lamar light rail station and Mountair Park). Additionally, this item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: If the City Council approves the Resolution, the lighting and crosswalk project will move forward with design and construction.

Section 7. State and Local Agency Commitments

The Scope of Work in **Exhibit A** describes the Work to be performed and assigns responsibility of that Work to either the Local Agency or the State. The "Responsible Party" referred to in this Contract means the Responsible Party as identified in the Scope of Work in **Exhibit A**.

- A. Design [if applicable]
1. If the Work includes preliminary design or final design (the "Construction Plans"), or design work sheets, or special provisions and estimates (collectively referred to as the "Plans"), the responsible Party shall comply with the following requirements, as applicable:
 - a. perform or provide the Plans, to the extent required by the nature of the Work.
 - b. prepare final design (Construction Plans) in accord with the requirements of the latest edition of the American Association of State Highway Transportation Officials (AASHTO) manual or other standard, such as the Uniform Building Code, as approved by CDOT.
 - c. prepare special provisions and estimates in accord with the State's Roadway and Bridge Design Manuals and Standard Specifications for Road and Bridge Construction or Local Agency specifications if approved by CDOT.
 - d. include details of any required detours in the Plans, in order to prevent any interference of the construction work and to protect the traveling public.
 - e. stamp the Plans produced by a Colorado Registered Professional Engineer.
 - f. provide final assembly of Plans and contract documents.
 - g. be responsible for the Plans being accurate and complete.
 - h. make no further changes in the Plans following the award of the construction contract except by agreement in writing between the parties. The Plans shall be considered final when approved and accepted by the parties hereto, and when final they shall be deemed incorporated herein.
 2. If the Local Agency is the responsible Party:
 - a. The local agency shall comply with the requirements of the Americans With Disabilities Act (ADA), and applicable federal regulations and standards as contained in the document "ADA Accessibility Requirements in CDOT Transportation Projects".
 - b. It shall afford the State ample opportunity to review the Plans and make any changes in the Plans that are directed by the State to comply with State requirements.
 - c. It may enter into a contract with a consultant to do all or any portion of the Plans and/or of construction administration. Provided, however, that if federal-aid funds are involved in the cost of such work to be done by a consultant, that consultant contract (and the performance/provision of the Plans under the contract) must comply with all applicable requirements of 23 CFR Part 172 and with any procedures implementing those requirements as provided by the State. If the Local Agency does enter into a contract with a consultant for the Work:

- (1) it shall submit a certification that procurement of any design consultant contract complied with the requirements of 23 CFR 172.5(1) prior to entering into contract. The State shall either approve or deny such procurement. If denied, the Local Agency may not enter into the contract.
 - (2) it shall ensure that all changes in the consultant contract have prior approval by the State. Such changes in the contract shall be by written supplement agreement. As soon as the contract with the consultant has been awarded by the Local Agency, one copy of the executed contract shall be submitted to the State. Any amendments to such contract shall also be submitted.
 - (3) it shall require that all consultant billings under that contract shall comply with the State's standardized billing format. Examples of the billing formats are available from the CDOT Agreements Office.
 - (4) it (or its consultant) shall use the CDOT procedures described in **Exhibit A** to administer that design consultant subcontract, to comply with 23 CFR 172.5(b).
 - (5) it may expedite any CDOT approval of its procurement process and/or consultant contract by submitting a letter to CDOT from the certifying Local Agency's attorney/authorized representative certifying compliance with 23 CFR 172.5(b).
 - (6) it shall ensure that its consultant contract complies with the requirements of 49 CFR 18.36(i) and contains the following language verbatim:
 - (a) "The design work under this contract shall be compatible with the requirements of the Contract between the Local Agency and the State (which is incorporated herein by this reference) for the design/construction of the project. The State is an intended third party beneficiary of this contract for that purpose."
 - (b) "Upon advertisement of the project work for construction, the consultant shall make available services as requested by the State to assist the State in the evaluation of construction and the resolution of construction problems that may arise during the construction of the project."
 - (c) "The consultant shall review the construction contractor's shop drawings for conformance with the contract documents and compliance with the provisions of the State's publication, Standard Specifications for Road and Bridge Construction, in connection with this work."
 - (d) The State, in its discretion, will review construction plans, special provisions and estimates and will cause the Local Agency to make changes therein that the State determines are necessary to assure compliance with State requirements.
- B. Construction [if applicable]
1. If the Work includes construction, the responsible Party shall perform the construction in accordance with the approved design plans and/or administer the construction all in accord with the Scope of Work in **Exhibit A**. Such administration shall include project inspection and testing; approving sources of materials; performing required plant and shop inspections; documentation of contract payments, testing and inspection activities; preparing and approving pay estimates; preparing, approving and securing the funding for contract modification orders and minor contract revisions; processing contractor claims; construction supervision; and meeting the Quality Control requirements as described in the Scope of Work in **Exhibit A**.
 2. The State shall have the authority to suspend the Work, wholly or in part, by giving written notice thereof to the Local Agency, due to the failure of the Local Agency or its contractor to correct project conditions which are unsafe for workers or for such periods as the State may deem necessary due to unsuitable weather, or for conditions considered unsuitable for the prosecution of the Work, or for any other condition or reason deemed by the State to be in the public interest.
 3. If the Local Agency is the responsible Party:
 - a. it shall appoint a qualified professional engineer, licensed in the State of Colorado, as the Local Agency Project Engineer (LAPE), to perform that administration. The LAPE shall administer the project in accordance with this Contract, the requirements of the construction contract and applicable State procedures.
 - b. if bids are to be let for the construction of the project, it shall advertise the call for bids upon approval by the State and award the construction contract(s) to the low responsible bidder(s) upon approval by the State.
 - (1) The Local Agency has the option to accept or reject the proposal of the apparent low bidder for work on which competitive bids have been received. The Local Agency must declare the acceptance or rejection within 3 working days after said bids are publicly opened.
 - (2) By indicating its concurrence in such award, the Local Agency, acting by or through its duly authorized representatives, agrees to provide additional funds, subject to their availability and appropriation for that purpose, if required to complete the Work under this project if no additional

federal-aid funds will be made available for the project. This paragraph also applies to projects advertised and awarded by the State.

- c. If all or part of the construction work is to be accomplished by Local Agency personnel (i.e. by force account), rather than by a competitive bidding process, the Local Agency will ensure that all such force account work is accomplished in accordance with the pertinent State specifications and requirements with 23 CFR 635, Subpart B, Force Account Construction.
 - (1) Such work will normally be based upon estimated quantities and firm unit prices agreed to between the Local Agency and the State in advance of the Work, as provided for in 23 CFR 635.204(c). Such agreed unit prices shall constitute a commitment as to the value of the Work to be performed.
 - (2) An alternative to the above is that the Local Agency may agree to participate in the Work based on actual costs of labor, equipment rental, materials supplies and supervision necessary to complete the Work. Where actual costs are used, eligibility of cost items shall be evaluated for compliance with 48 CFR Part 31.
 - (3) Rental rates for publicly owned equipment will be determined in accordance with the State's Standard Specifications for Road and Bridge Construction § 109.04.
 - (4) All force account work shall have prior approval of the State and shall not be initiated until the State has issued a written notice to proceed.

C. State's obligations

1. The State will perform a final project inspection prior to project acceptance as a Quality Control/Assurance activity. When all Work has been satisfactorily completed, the State will sign a final acceptance form.
2. Notwithstanding any consents or approvals given by the State for the Plans, the State will not be liable or responsible in any manner for the structural design, details or construction of any major structures that are designed by or are the responsibility of the Local Agency as identified in the Scope of Work in **Exhibit A**, within the Work of this Contract.

Section 8. ROW Acquisition and Relocation

If the Project includes right of way, prior to this project being advertised for bids, the Responsible Party will certify in writing to the State that all right of way has been acquired in accordance with the applicable state and federal regulations, or that no additional right of way is required.

Any acquisition/relocation activities must comply with: all applicable federal and state statutes and regulations, including but not limited to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended (P.L. 91-646) and the Uniform Relocation Assistance and Real Property Acquisition Policies for Federal and Federally Assisted Programs as amended (49 CFR Part 24); CDOT's Right of Way Manual; and CDOT's Policy and Procedural Directives.

Allocation of Responsibilities are as follows:

- Federal participation in right of way acquisition (3111 charges), relocation (3109 charges) activities, if any, and right of way incidentals (expenses incidental to acquisition/relocation of right of way – 3114 charges);
- Federal participation in right of way acquisition (3111 charges), relocation (3109 charges) but no participation in incidental expenses (3114 charges); or
- No federal participation in right of way acquisition (3111 charges) and relocation activities (3109 expenses).

Regardless of the option selected above, the State retains oversight responsibilities. The Local Agency's and the State's responsibilities for each option is specifically set forth in CDOT's Right of Way Manual. The manual is located at http://www.dot.state.co.us/ROW_Manual/.

If right of way is purchased for a state highway, including areas of influence of the state highway, the local agency shall immediately convey title to such right of way to CDOT after the local agency obtains title.

Section 9. Utilities

If necessary, the Responsible Party will be responsible for obtaining the proper clearance or approval from any utility company, which may become involved in this Project. Prior to this Project being advertised for bids, the Responsible Party will certify in writing to the State that all such clearances have been obtained.

Section 10. Railroads

In the event the Project involves modification of a railroad company's facilities whereby the Work is to be accomplished by railroad company forces, the Responsible Party shall make timely application to the Public Utilities Commission requesting its order providing for the installation of the proposed improvements and not proceed with that part of the Work without compliance. The Responsible Party shall also establish contact with the railroad

company involved for the purpose of complying with applicable provisions of 23 CFR 646, subpart B, concerning federal-aid projects involving railroad facilities, including:

- A. Executing an agreement setting out what work is to be accomplished and the location(s) thereof, and that the costs of the improvement shall be eligible for federal participation.
- B. Obtaining the railroad's detailed estimate of the cost of the Work.
- C. Establishing future maintenance responsibilities for the proposed installation.
- D. Proscribing future use or dispositions of the proposed improvements in the event of abandonment or elimination of a grade crossing.
- E. Establishing future repair and/or replacement responsibilities in the event of accidental destruction or damage to the installation.

Section 11. Environmental Obligations

Section 12. Maintenance Obligations

The Local Agency will maintain and operate the improvements constructed under this Contract at its own cost and expense during their useful life, in a manner satisfactory to the State. The Local Agency will make proper provisions for such maintenance obligations each year. Such maintenance and operations shall be conducted in accordance with all applicable statutes, ordinances and regulations which define the Local Agency's obligations to maintain such improvements. The State will make periodic inspections of the project to verify that such improvements are being adequately maintained.

Section 13. Record Keeping

The Local Agency shall maintain a complete file of all records, documents, communications, and other written materials, which pertain to the costs incurred under this Contract. The Local Agency shall maintain such records for a period of three (3) years after the date of termination of this Contract or final payment hereunder, whichever is later, or for such further period as may be necessary to resolve any matters which may be pending. The Local Agency shall make such materials available for inspection at all reasonable times and shall permit duly authorized agents and employees of the State to inspect the project and to inspect, review and audit the project records.

Section 14. Termination Provisions

This Contract may be terminated as follows:

- A. Termination for Convenience. The State may terminate this Contract at any time the State determines that the purposes of the distribution of moneys under the contract would no longer be served by completion of the project. The State shall effect such termination by giving written notice of termination to the Local Agency and specifying the effective date thereof, at least twenty (20) days before the effective date of such termination.
- B. Termination for Cause. If, through any cause, the Local Agency shall fail to fulfill, in a timely and proper manner, its obligations under this Contract, or if the Local Agency shall violate any of the covenants, agreements, or stipulations of this Contract, the State shall thereupon have the right to terminate this Contract for cause by giving written notice to the Local Agency of its intent to terminate and at least ten (10) days opportunity to cure the default or show cause why termination is otherwise not appropriate. In the event of termination, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports or other material prepared by the Local Agency under this Contract shall, at the option of the State, become its property, and the Local Agency shall be entitled to receive just and equitable compensation for any services and supplies delivered and accepted. The Local Agency shall be obligated to return any payments advanced under the provisions of this Contract.

Notwithstanding the above, the Local Agency shall not be relieved of liability to the State for any damages sustained by the State by virtue of any breach of the Contract by the Local Agency, and the State may withhold payment to the Local Agency for the purposes of mitigating its damages until such time as the exact amount of damages due to the State from the Local Agency is determined.

If after such termination it is determined, for any reason, that the Local Agency was not in default or that the Local Agency's action/inaction was excusable, such termination shall be treated as a termination for convenience, and the rights and obligations of the Parties shall be the same as if the Contract had been terminated for convenience, as described herein.

C. **Termination Due to Loss of Funding.** The Parties hereto expressly recognize that the Local Agency is to be paid, reimbursed, or otherwise compensated with federal and/or State funds which are available to the State for the purposes of contracting for the Project provided for herein, and therefore, the Local Agency expressly understands and agrees that all its rights, demands and claims to compensation arising under this Contract are contingent upon availability of such funds to the State. In the event that such funds or any part thereof are not available to the State, the State may immediately terminate or amend this Contract.

Section 15. Legal Authority

The Local Agency warrants that it possesses the legal authority to enter into this Contract and that it has taken all actions required by its procedures, by-laws, and/or applicable law to exercise that authority, and to lawfully authorize its undersigned signatory to execute this Contract and to bind the Local Agency to its terms. The person(s) executing this Contract on behalf of the Local Agency warrants that such person(s) has full authorization to execute this Contract.

Section 21. Waiver

The waiver of any breach of a term, provision, or requirement of this Contract shall not be construed or deemed as a waiver of any subsequent breach of such term, provision, or requirement, or of any other term, provision or requirement.

Section 22. Entire Understanding

Except as provided above, no modification of this Contract shall be effective unless agreed to in writing by both Parties in an amendment to this Contract that is properly executed and approved in accordance with applicable law.

Section 25. Disputes

Except as otherwise provided in this Contract, any dispute concerning a question of fact arising under this Contract which is not disposed of by agreement will be decided by the Chief Engineer of the Department of Transportation. The decision of the Chief Engineer will be final and conclusive unless, within 30 calendar days after the date of receipt of a copy of such written decision, the Local Agency mails or otherwise furnishes to the State a written appeal addressed to the Executive Director of the Department of Transportation. In connection with any appeal proceeding under this clause, the Local Agency shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the Local Agency shall proceed diligently with the performance of the Contract in accordance with the Chief Engineer's decision. The decision of the Executive Director or his duly authorized representative for the determination of such appeals will be final and conclusive and serve as final agency action. This dispute clause does not preclude consideration of questions of law in connection with decisions provided for herein. Nothing in this Contract, however, shall be construed as making final the decision of any administrative official, representative, or board on a question of law.

Section 26. Statewide Contract Management System

If the maximum amount payable to Contractor under this Contract is \$100,000 or greater, either on the Effective Date or at any time thereafter, this **§Statewide Contract Management System** applies. cause, may debar Contractor and prohibit Contractor from bidding on future contracts. Contractor may contest the final Evaluation, Review and Rating by: **(a)** filing rebuttal statements, which may result in either removal or correction of the evaluation (CRS §24-105-102(6)), or **(b)** under CRS §24-105-102(6), exercising the debarment protest and appeal rights provided in CRS §§24-109-106, 107, 201 or 202, which may result in the reversal of the debarment and reinstatement of Contractor, by the Executive Director, upon showing of good cause.

*The Local Agency should not begin work until both of the following are in place: 1) the execution of the document encumbering funds for the respective phase; and 2) Local Agency receipt of the official Notice to Proceed. Any work performed before these two (2) milestones are achieved will not be reimbursable.

B. Funding Ratios

The funding ratio for the State funds for this Work is 80% State funds to 20% Local Agency funds, and this ratio applies only to the \$530,000.00 that is eligible for State funding. All other costs are borne by the Local Agency at 100%. If the total cost of performance of the Work exceeds \$530,000.00, and additional State funds are not available, the Local Agency shall pay all such excess costs. If the total cost of performance of the Work is less than \$530,000.00, then the amounts of Local Agency and State funds will be decreased in accordance with the funding ratio described herein. **This applies to the entire scope of Work.**

C. Maximum Amount Payable

The maximum amount payable to the Local Agency under this Agreement shall be \$424,000.00. For CDOT accounting purposes, the State funds of \$424,000.00 will be encumbered, but the Local Agency funds of \$106,000.00 will NOT be encumbered. The total budget of this project is \$530,000.00, unless this amount is increased by an executed amendment before any increased cost is incurred. The total cost of the Work is the best estimate available, based on the design data as approved at the time of execution of this Agreement, and any cost is subject to revisions agreed to by the parties prior to bid and award. The maximum amount payable will be reduced without amendment when the actual amount of the Local Agency's awarded Agreement is less than the budgeted total of the State funds and the Local Agency funds. The maximum amount payable will be reduced through the execution of an Option Letter as described in Section 6 of this contract. **This applies to the entire scope of Work.**

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 9

To: Mayor and City Council

From: Max Kirschbaum, Director of Public Works

Subject: **REAPPOINTING LAURA KROEGER TO THE METRO WATER RECOVERY BOARD**

SUMMARY STATEMENT: The City of Lakewood appoints two members to the board of the Metro Water Recovery (MWR). This resolution would re-appoint Laura Kroeger to the board for a term ending June 30, 2026. Ms. Kroeger has served as a MWR board member by City Council appointment since 2020. She currently serves on the Finance Committee of the Board. She served as the Chair of the Strategic Planning Committee in 2022-2023. Public Works is seeking City Council's approval of the resolution re-appointing Ms. Kroeger.

BACKGROUND INFORMATION: The City of Lakewood, like most cities in the Denver metropolitan area and many special districts, sends its sewage flow to the Metro Wastewater Reclamation District (MWRD), which owns and operates two major sewage treatment plants. The MWRD is governed by a board of directors appointed by MWRD member organizations, including Lakewood and various districts such as the Bancroft Clover Water and Sanitation District and the Alameda Water and Sanitation District. Specific technical expertise in areas related to water, water quality and utilities is desirable when serving on the MWRD board. Experience working with the MWRD and its regulatory environment is also valuable. Metro Wastewater operates under a complex set of bylaws, rules and regulations governing the operation, use and service of the system, including Colorado Statutes, the Sewage Treatment and Disposal Agreement between the MWRD and users of the system as well as federal environmental regulations.

Laura Kroeger is a 27-year Lakewood resident with three children who have gone through Lakewood schools. She is a professional engineer with more than 28 years experience in the industry and a masters of science degree in civil engineering. Earlier in her career, Ms. Kroeger worked for a Lakewood-based consulting engineering firm managing and designing projects, including for special districts in the water industry. She currently serves as the executive director for the Mile High Flood District (MHFD). The MHFD is a multi-county, Denver metropolitan area agency created by the state legislature. She has been with the MHFD for 20 years.

Ms. Kroeger has also managed the MHFD's South Platte River program for several years. This experience is particularly relevant to this appointment because a key component was collaborating with the MWRD due to its treatment plant discharge being to the South Platte River. In all of these roles, she has had experience with the complex regulatory environment in which the MWRD also works. She also deals with the significant overlap between the MHFD's and the MWRD's shared interest in water quality.

The American Public Works Association (APWA) has benefited from her expertise on its national board and as she has served as the technical director of the Leadership and Management group. She served for a number of years on the Colorado APWA chapter board. These experiences will serve the community well as she continues to represent Lakewood on the Metro Wastewater Reclamation District board.

BUDGETARY IMPACTS: This re-appointment has no budgetary impact.

STAFF RECOMMENDATIONS: City staff recommends adoption of the resolution re-appointing Ms. Laura Kroeger to the Metro Water Recovery District Board for a term ending on June 30, 2026.

ALTERNATIVES: City Council may adopt the resolution or reject the resolution.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: If reappointed, Laura Kroeger will continue her service on the MWRD.

A RESOLUTION

RE-APPOINTING LAURA KROEGER TO THE METRO WATER RECOVERY BOARD OF DIRECTORS

WHEREAS, the City of Lakewood is a member of Metro Water Recovery (the “District”) and as such appoints a director to the District board of directors (the “Board”);

WHEREAS, technical expertise in areas related to water resources and wastewater is particularly desirable for directors serving on the Board;

WHEREAS, Ms. Laura Kroeger’s decades of experience in the water resource industry in the Denver metro area, including involvement in One Waterleadership, and her understanding of the technical aspects of water systems make her well qualified to serve as a City appointed director on the Board; and

WHEREAS, the City Council hereby finds and determines that re-appointing Ms. Kroeger to the Board is and shall be in the best interest of the residents of the City.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lakewood, Colorado, that:

SECTION 1. Laura Kroeger is hereby re-appointed as a director of the Metro Water Recovery Board, to serve for the two-year term from July 1, 2024 to June 30, 2026.

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 10

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: **CDOT IGA FOR IMPROVEMENTS ALONG WADSWORTH**

SUMMARY STATEMENT: This resolution would authorize the City Manager to enter into an intergovernmental agreement (IGA) with the Colorado Department of Transportation (CDOT) for a grant to fund improvements along Wadsworth Boulevard between W. Yale Avenue and W. Eastman Place, and between Jefferson Avenue and Mansfield Avenue.

BACKGROUND INFORMATION: Currently, the west side of Wadsworth Boulevard between W. Yale Ave and W. Eastman Pl, and the east side of Wadsworth Boulevard between Jefferson Ave and Mansfield Ave, do not have any pedestrian facilities. The City has been awarded a grant to fund the construction of a shared-use path for the missing pedestrian connections in this area. The attached IGA is for that grant.

Wadsworth Blvd is one of the main roadways for north-south mobility and the missing sidewalk gaps require pedestrians to cross eight lanes of traffic to use existing pedestrian facilities. The grant with City matching funds will provide a paved concrete path for multiple users and address a gap in an otherwise continuous pedestrian facility between Bear Creek Greenbelt and Quincy Ave.

The project consists of constructing sidewalk, curb and gutter, and curb ramp adjacent to Wadsworth Boulevard. Retaining wall construction and minor storm sewer replacement is also anticipated. Funding needs for the proposed project are estimated at \$2,710,000. The proposed IGA would establish the City's contribution to the project at \$542,000 and CDOT's contribution at \$2,168,000. Funds for the City's contribution will come from the TABOR Fund. Use of the funds will be for construction and completion of the proposed improvements.

BUDGETARY IMPACTS: Adequate TABOR funds are included in the approved 2024 budget for the proposed IGA.

STAFF RECOMMENDATIONS: Approval of the resolution.

ALTERNATIVES: City Council could choose to not approve the resolution resulting in the indefinite postponement of the proposed improvements to pedestrian connectivity along Wadsworth Boulevard.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: The current IGA amendment will be executed, and construction activities for the proposed project are expected to commence in Spring 2025.

The State will review the information presented by Local Agency and may make changes to its determination based on this review. The calculation, determination, or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

- a. The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Local Agency beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Agreement Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Agreement Funds, the State's obligation to pay Local Agency shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Agreement Funds, and the State's liability for such payments shall be limited to the amount remaining of such Agreement Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in **§2.C**.
- b. If the agreement funds are terminated, the State can terminate the contract early. Payment due for work done to the date of termination will be processed in a manner consistent with **§2.C**.

v. Erroneous Payments

The State may recover, at the State's discretion, payments made to Local Agency in error for any reason, including, but not limited to, overpayments or improper payments, and unexpended or excess funds received by Local Agency. The State may recover such payments by deduction from subsequent payments under this Agreement, deduction from any payment due under any other contracts, grants or agreements between the State and Local Agency, or by any other appropriate method for collecting debts owed to the State. The close out of a Federal Award does not affect the right of FHWA or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period (as defined below in **§9.A.**).

vi. Federal Recovery

The close-out of a Federal Award does not affect the right of the Federal Awarding Agency or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period, as defined below.

C. Local Agency Funds

Local Agency shall provide their obligated contribution funds as outlined in **§7.A.** and **Exhibit C**. Local Agency shall have raised the full amount of their funds prior to the Effective Date and shall report to the State regarding the status of such funds upon request. Local Agency's obligation to pay all or any part of any matching funds, whether direct or contingent, only extend to funds duly and lawfully appropriated for the purposes of this Agreement by the authorized representatives of Local Agency and paid into Local Agency's treasury. Local Agency represents to the State that the amount designated "Local Agency Funds" in **Exhibit C** has been legally appropriated for the purpose of this Agreement by its authorized representatives and paid into its treasury. Local Agency may evidence such obligation by an appropriate ordinance/resolution or other authority letter expressly authorizing Local Agency to enter into this Agreement and to expend its match share of the Work. A copy of any such ordinance/resolution or authority letter is attached hereto as **Exhibit D** if applicable. Local Agency does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year debt of

Local Agency. Local Agency shall not pay or be liable for any claimed interest, late charges, fees, taxes, or penalties of any nature, except as required by Local Agency's laws or policies.

D. Reimbursement of Local Agency Costs

The State shall reimburse Local Agency's allowable costs, not exceeding the maximum total amount described in **Exhibit C** and §7. However, any costs incurred by Local Agency prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. The State shall pay Local Agency for costs or expenses incurred or performance by the Local Agency prior to the Effective Date, only if (1) the Grant Funds involve federal funding and (2) federal laws, rules, and regulations applicable to the Work provide for such retroactive payments to the Local Agency. Any such retroactive payments shall comply with State Fiscal Rules and be made in accordance with the provisions of this Agreement. The applicable principles described in 2 C.F.R. Part 200 shall govern the State's obligation to reimburse all costs incurred by Local Agency and submitted to the State for reimbursement hereunder, and Local Agency shall comply with all such principles. The State shall reimburse Local Agency for the federal-aid share of properly documented costs related to the Work after review and approval thereof, subject to the provisions of this Agreement and **Exhibit C**. Local Agency costs for Work performed prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. Local Agency costs for Work performed after any Performance Period End Date for a respective phase of the Work, is not reimbursable. Allowable costs shall be:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided.
- ii. Actual net cost to Local Agency (i.e. the price paid minus any items of value received by Local Agency that reduce the cost actually incurred).

E. Unilateral Modification of Agreement Funds Budget by State Option Letter

The State may, at its discretion, issue an "Option Letter" to Local Agency to add or modify Work phases in the Work schedule in **Exhibit C** if such modifications do not increase total budgeted Agreement Funds. Such Option Letters shall amend and update **Exhibit C**, Sections 2 or 4 of the Table, and sub-sections B and C of the **Exhibit C**. Option Letters shall not be deemed valid until signed by the State Controller or an authorized delegate. **This is NOT a Notice to Proceed.** Modification of **Exhibit C** by unilateral Option Letter is permitted only in the specific scenarios listed below. The State will exercise such options by providing Local Agency a fully executed Option Letter, in a form substantially equivalent to **Exhibit B**. Such Option Letters will be incorporated into this Agreement. This applies to the entire Scope of Work.

i. Option to Begin a Phase and/or Increase or Decrease the Encumbrance Amount

The State may require by Option Letter that Local Agency begin a new Work phase that may include Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous Work (but may not include Right of Way Acquisition/Relocation or Railroads) as detailed in **Exhibit A**. Such Option Letters may not modify the other terms and conditions stated in this Agreement and must decrease the amount budgeted and encumbered for one or more other Work phases so that the total amount of budgeted Agreement Funds remains the same. The State may also change the funding sources so long as the amount budgeted remains the same and the Local Agency contribution does not increase. The State may also issue a unilateral Option Letter to increase and/or decrease the total encumbrance amount of two or more existing Work phases, as long as the total amount of budgeted Agreement Funds remains the same, replacing the original Agreement Funding exhibit (**Exhibit C**) with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.).

ii. Option to Transfer Funds from One Phase to Another Phase.

The State may require or permit Local Agency to transfer Agreement Funds from one Work phase (Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous) to another phase as a result of changes to State, federal, and local match funding. In such case, the original funding exhibit (**Exhibit C**) will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The Agreement Funds transferred from one Work phase to another are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a

fully executed Option Letter to Local Agency within thirty (30) days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.

iii. Option to Exercise Options i and ii.

The State may require Local Agency to add a Work phase as detailed in **Exhibit A**, and encumber and transfer Agreement Funds from one Work phase to another. The original funding exhibit (**Exhibit C**) in the original Agreement will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The addition of a Work phase and encumbrance and transfer of Agreement Funds are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a fully executed Option Letter to Local Agency within 30 days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.

iv. Option to Extend Agreement/Phase Term and/or modify the OMB Uniform Guidance. The State, at its discretion, shall have the option to extend the term of this Agreement and/or update a Work Phase Performance Period and/or modify information required under the OMB Uniform Guidance, as outlined in **Exhibit C**. Any updated version of **Exhibit C** shall be attached to any executed Option Letter as **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.). In order to exercise this option, the State shall provide written notice to the Local Agency in a form substantially equivalent to **Exhibit B**.

F. Accounting

Local Agency shall establish and maintain accounting systems in accordance with generally accepted accounting standards (a separate set of accounts, or as a separate and integral part of its current accounting scheme). Such accounting systems shall, at a minimum, provide as follows:

i. Local Agency Performing the Work

If Local Agency is performing the Work, it shall document all allowable costs, including any approved Services contributed by Local Agency or subcontractors, using payrolls, time records, invoices, contracts, vouchers, and other applicable records.

ii. Local Agency-Checks or Draws

Checks issued or draws made by Local Agency shall be made or drawn against properly signed vouchers detailing the purpose thereof. Local Agency shall keep on file all checks, payrolls, invoices, contracts, vouchers, orders, and other accounting documents in the office of Local Agency, clearly identified, readily accessible, and to the extent feasible, separate and apart from all other Work documents.

iii. State-Administrative Services

The State may perform any necessary administrative support services required hereunder. Local Agency shall reimburse the State for the costs of any such services from the budgeted Agreement Funds as provided for in **Exhibit C**. If FHWA Agreement Funds are or become unavailable, or if Local Agency terminates this Agreement prior to the Work being approved by the State or otherwise completed, then all actual incurred costs of such services and assistance provided by the State shall be reimbursed to the State by Local Agency at its sole expense.

iv. Local Agency-Invoices

Local Agency's invoices shall describe in detail the reimbursable costs incurred by Local Agency for which it seeks reimbursement, the dates such costs were incurred and the amounts thereof, and Local Agency shall not submit more than one invoice per month.

v. Invoicing Within 60 Days

The State shall not be liable to reimburse Local Agency for any costs invoiced more than 60 days after the date on which the costs were incurred, including costs included in Local Agency's final invoice. The State may withhold final payment to Local Agency at the State's sole discretion until completion of final audit. Any costs incurred by Local Agency that are not allowable under 2 C.F.R. Part 200 shall be Local Agency's responsibility, and the State will deduct such disallowed costs from any payments due to Local Agency. The State will not reimburse costs for Work performed after the Performance Period End Date for a respective Work phase. The State will not reimburse costs for Work performed prior to Performance

Period End Date, but for which an invoice is received more than 60 days after the Performance Period End Date.

vi. Risk Assessment & Monitoring

Pursuant to 2 C.F.R. 200.331(b), – CDOT will evaluate Local Agency's risk of noncompliance with federal statutes, regulations, and terms and conditions of this Agreement. Local Agency shall complete a Risk Assessment Form (**Exhibit L**) when that may be requested by CDOT. The risk assessment is a quantitative and/or qualitative determination of the potential for Local Agency's non-compliance with the requirements of the Federal Award. The risk assessment will evaluate some or all of the following factors:

- Experience: Factors associated with the experience and history of the Subrecipient with the same or similar Federal Awards or grants.
- Monitoring/Audit: Factors associated with the results of the Subrecipient's previous audits or monitoring visits, including those performed by the Federal Awarding Agency, when the Subrecipient also receives direct federal funding. Include audit results if Subrecipient receives single audit, where the specific award being assessed was selected as a major program.
- Operation: Factors associated with the significant aspects of the Subrecipient's operations, in which failure could impact the Subrecipient's ability to perform and account for the contracted goods or services.
- Financial: Factors associated with the Subrecipient's financial stability and ability to comply with financial requirements of the Federal Award.
- Internal Controls: Factors associated with safeguarding assets and resources, deterring and detecting errors, fraud and theft, ensuring accuracy and completeness of accounting data, producing reliable and timely financial and management information, and ensuring adherence to its policies and plans.
- Impact: Factors associated with the potential impact of a Subrecipient's non-compliance to the overall success of the program objectives.
- Program Management: Factors associated with processes to manage critical personnel, approved written procedures, and knowledge of rules and regulations regarding federal-aid projects.

Following Local Agency's completion of the Risk Assessment Tool (**Exhibit L**), CDOT will determine the level of monitoring it will apply to Local Agency's performance of the Work. This risk assessment may be re-evaluated after CDOT begins performing monitoring activities.

G. Close Out

Local Agency shall close out this Award within 90 days after the Final Phase Performance End Date. If SLFRF Funds are used the Local Agency shall close out that portion of the Award within 45 days after the ARPA Award Expiration Date. Close out requires Local Agency's submission to the State of all deliverables defined in this Agreement, and Local Agency's final reimbursement request or invoice. The State will withhold 5% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete. If FHWA or US Treasury has not closed this Federal Award within one (1) year and 90 days after the Final Phase Performance End Date due to Local Agency's failure to submit required documentation, then Local Agency may be prohibited from applying for new Federal Awards through the State until such documentation is submitted and accepted.

8. REPORTING - NOTIFICATION

A. Quarterly Reports

In addition to any reports required pursuant to §19 or pursuant to any exhibit, for any contract having a term longer than 3 months, Local Agency shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Agreement. Such progress report shall be in accordance with the procedures developed and prescribed by the State. Progress reports shall be submitted to the State not later than ten (10) Business Days following the end of each calendar quarter or at such time as otherwise specified by the State. If SLFRF Funds are used the report must be in the format of **Exhibit P**.

B. Litigation Reporting

If Local Agency is served with a pleading or other document in connection with an action before a court or other administrative decision making body, and such pleading or document relates to this Agreement or may affect Local Agency's ability to perform its obligations under this Agreement, Local Agency shall, within 10 days after being served, notify the State of such action and deliver copies of such pleading or document to the State's principal representative identified in §16.

C. Performance and Final Status

Local Agency shall submit all financial, performance and other reports to the State no later than 60 calendar days after the Final Phase Performance End Date or sooner termination of this Agreement, containing an Evaluation of Subrecipient's performance and the final status of Subrecipient's obligations hereunder.

D. Violations Reporting

Local Agency must disclose, in a timely manner, in writing to the State and FHWA, all violations of federal or State criminal law involving fraud, bribery, or gratuity violations potentially affecting the Federal Award. Penalties for noncompliance may include suspension or debarment (2 CFR Part 180 and 31 U.S.C. 3321).

9. LOCAL AGENCY RECORDS

A. Maintenance

Local Agency shall make, keep, maintain, and allow inspection and monitoring by the State of a complete file of all records, documents, communications, notes and other written materials, electronic media files, and communications, pertaining in any manner to the Work or the delivery of Services (including, but not limited to the operation of programs) or Goods hereunder. Local Agency shall maintain such records for a period (the "Record Retention Period") pursuant to the requirements of the funding source and for a minimum of three (3) years following the date of submission to the State of the final expenditure report, whichever is longer, or if this Award is renewed quarterly or annually, from the date of the submission of each quarterly or annual report, respectively. If any litigation, claim, or audit related to this Award starts before expiration of the Record Retention Period, the Record Retention Period shall extend until all litigation, claims, or audit findings have been resolved and final action taken by the State or Federal Awarding Agency. The Federal Awarding Agency, a cognizant agency for audit, oversight or indirect costs, and the State, may notify Local Agency in writing that the Record Retention Period shall be extended. For records for real property and equipment, the Record Retention Period shall extend three (3) years following final disposition of such property.

B. Inspection

Records during the Record Retention Period. Local Agency shall make Local Agency Records available during normal business hours at Local Agency's office or place of business, or at other mutually agreed upon times or locations, upon no fewer than two (2) Business Days' notice from the State, unless the State determines that a shorter period of notice, or no notice, is necessary to protect the interests of the State.

C. Monitoring

The State will monitor Local Agency's performance of its obligations under this Agreement using procedures as determined by the State. The State shall monitor Local Agency's performance in a manner that does not unduly interfere with Local Agency's performance of the Work. Local Agency shall allow the State to perform all monitoring required by the Uniform Guidance, based on the State's risk analysis of Local Agency. The State shall have the right, in its sole discretion, to change its monitoring procedures and requirements at any time during the term of this Agreement. The State shall monitor Local Agency's performance in a manner that does not unduly interfere with Local Agency's performance of the Work. If Local Agency enters into a subcontract with an entity that would also be considered a Subrecipient, then the subcontract entered into by Local Agency shall contain provisions permitting both Local Agency and the State to perform all monitoring of that Subcontractor in accordance with the Uniform Guidance.

D. Final Audit Report

Local Agency shall promptly submit to the State a copy of any final audit report of an audit performed on Local Agency's records that relates to or affects this Agreement or the Work, whether the audit is conducted

by Local Agency or a third party. Additionally, if Local Agency is required to perform a single audit under 2 CFR 200.501, *et seq.*, then Local Agency shall submit a copy of the results of that audit to the State within the same timelines as the submission to the federal government.

10. CONFIDENTIAL INFORMATION-STATE RECORDS

A. Confidentiality

Local Agency shall hold and maintain, and cause all Subcontractors to hold and maintain, any and all State Records that the State provides or makes available to Local Agency for the sole and exclusive benefit of the State, unless those State Records are otherwise publicly available at the time of disclosure or are subject to disclosure by Local Agency under CORA. Local Agency shall not, without prior written approval of the State, use for Local Agency's own benefit, publish, copy, or otherwise disclose to any third party, or permit the use by any third party for its benefit or to the detriment of the State, any State Records, except as otherwise stated in this Agreement. B. Other Entity Access and Nondisclosure Agreements

Local Agency may provide State Records to its agents, employees, assigns and Subcontractors as necessary to perform the Work, but shall restrict access to State Confidential Information to those agents, employees, assigns and Subcontractors who require access to perform their obligations under this Agreement. Local Agency shall ensure all such agents, employees, assigns, and Subcontractors sign nondisclosure agreements with provisions at least as protective as those in this Agreement, and that the nondisclosure agreements are in force at all times the agent, employee, assign or Subcontractor has access to any State Confidential Information. Local Agency shall provide copies of those signed nondisclosure agreements to the State upon request.

Upon the expiration or termination of this Agreement, Local Agency shall return State Records provided to Local Agency or destroy such State Records and certify to the State that it has done so, as directed by the State. If Local Agency is prevented by law or regulation from returning or destroying State Confidential Information, Local Agency warrants it will guarantee the confidentiality of, and cease to use, such State Confidential Information.

D. Incident Notice and Remediation

If Local Agency becomes aware of any Incident, it shall notify the State immediately and cooperate with the State regarding recovery, remediation, and the necessity to involve law enforcement, as determined by the State. Unless Local Agency can establish that none of Local Agency or any of its agents, employees, assigns, or Subcontractors are the cause or source of the Incident, Local Agency shall be responsible for the cost of notifying each person who may have been impacted by the Incident. After an Incident, Local Agency shall take steps to reduce the risk of incurring a similar type of Incident in the future as directed by the State, which

may include, but is not limited to, developing, and implementing a remediation plan that is approved by the State at no additional cost to the State.

E. Safeguarding Personally Identifying Information "PII"

If Local Agency or any of its Subcontracts will or may receive PII under this agreement, Local Agency shall provide for the security for such PII, in a manner and form acceptable to the State, including, without limitation, State non-disclosure requirements, use of appropriate technology, security practices, computer access security, data access security, data storage encryption, data transmission encryption, security inspections, and audits. Local Agency shall be a "Third Party Service Provider" as defined in §24-73-103(1)(i), C.R.S. and shall maintain security procedures and practices consistent with §§24-73-101 et seq., C.R.S. If Contractor uses any Subcontractors to perform services requiring direct access to State databases containing PII, the Contractor shall require such Subcontractors to execute and deliver the certification to the State on an annual basis, so long as the Subcontractor has access to State databases containing PII.

11. CONFLICTS OF INTEREST

A. Actual Conflicts of Interest

Local Agency shall not engage in any business or activities or maintain any relationships that conflict in any way with the full performance of the obligations of Local Agency under this Agreement. Such a conflict of interest would arise when a Local Agency or Subcontractor's employee, officer or agent were to offer or provide any tangible personal benefit to an employee of the State, or any member of his or her immediate family or his or her partner, related to the award of, entry into or management or oversight of this Agreement. Officers, employees, and agents of Local Agency may neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontracts.

B. Apparent Conflicts of Interest

Local Agency acknowledges that, with respect to this Agreement, even the appearance of a conflict of interest shall be harmful to the State's interests. C. Disclosure to the State

If a conflict or the appearance of a conflict arises, or if Local Agency is uncertain whether a conflict or the appearance of a conflict has arisen, Local Agency shall submit to the State a disclosure statement setting forth the relevant details for the State's consideration. Failure to promptly submit a disclosure statement or to follow the State's direction in regard to the actual or apparent conflict constitutes a breach of this Agreement.

Any work performed before these three (3) milestones are achieved will not be reimbursable.

B. Funding Ratios

The funding ratio for the federal funds for this Work is 80% federal funds to 20% Local Agency funds, and this ratio applies only to the \$2,710,000.00 that is eligible for federal funding. All other costs are borne by the Local Agency at 100%. If the total cost of performance of the Work exceeds \$2,710,000.00, and additional federal funds are not available, the Local Agency shall pay all such excess costs. If the total cost of performance of the Work is less than \$2,710,000.00, then the amounts of Local Agency and federal funds will be decreased in accordance with the funding ratio described in **A1. This applies to the entire scope of Work.**

C. Maximum Amount Payable

The maximum amount payable to the Local Agency under this Agreement shall be \$2,168,000.00. For CDOT accounting purposes, the federal funds of \$2,168,000.00 and the Local Agency funds of \$542,000.00 will be encumbered for a total encumbrance of \$2,710,000.00, unless this amount is increased by an executed amendment before any increased cost is incurred. The total budget of this funding source is \$2,710,000.00, unless this amount is increased by an executed amendment before any increased cost is incurred. The total cost of the Work is the best estimate available, based on the design data as approved at the time of execution of this Agreement, and that any cost is subject to revisions agreed to by the parties prior to bid and award. The maximum amount payable will be reduced without amendment when the actual amount of the Local Agency's awarded Agreement is less than the budgeted total of the federal funds and the Local Agency funds. The maximum amount payable will be reduced through the execution of an Option Letter as described in Section 7. E. of this contract. **This applies to the entire scope of Work.**

D. Single Audit Act Amendment

All state and local government and non-profit organizations receiving \$750,000 or more from all funding sources defined as federal financial assistance for Single Audit Act Amendment purposes shall comply with the audit requirements of 2 CFR part 200, subpart F (Audit Requirements) see also, 49 CFR 18.20 through 18.26. The Single Audit Act Amendment requirements applicable to the Local Agency receiving federal funds are as follows:

i. Expenditure less than \$750,000

If the Local Agency expends less than \$750,000 in Federal funds (all federal sources, not just Highway funds) in its fiscal year then this requirement does not apply.

ii. Expenditure of \$750,000 or more-Highway Funds Only

If the Local Agency expends \$750,000 or more, in Federal funds, but only received federal Highway funds (Catalog of Federal Domestic Assistance, CFDA 20.205) then a program specific audit shall be performed. This audit will examine the "financial" procedures and processes for this program area.

iii. Expenditure of \$750,000 or more-Multiple Funding Sources

If the Local Agency expends \$750,000 or more in Federal funds, and the Federal funds are from multiple sources (FTA, HUD, NPS, etc.) then the Single Audit Act applies, which is an audit on the entire organization/entity.

iv. Independent CPA

Single Audit shall only be conducted by an independent CPA, not by an auditor on staff. An audit is an allowable direct or indirect cost.

It is the policy of the Colorado Department of Transportation (CDOT) that Disadvantaged Business Enterprises (DBEs) shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement, pursuant to 49 CFR Part 26. Accordingly, CDOT's federally approved DBE Program Plan shall apply to this agreement.

The Local Agency and its subrecipients agrees to ensure that DBEs certified through the Colorado Unified Certification Program have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement.

EXHIBIT H

LOCAL AGENCY PROCEDURES FOR CONSULTANT SERVICES

Title 23 Code of Federal Regulations (CFR) 172 applies to a federally funded Local Agency project agreement administered by CDOT that involves professional consultant services. 23 CFR 172.1 states “The policies and procedures involve federally funded contracts for engineering and design related services for projects subject to the provisions of 23 U.S.C. 112(a) and are issued to ensure that a qualified consultant is obtained through an equitable selection process, that prescribed work is properly accomplished in a timely manner, and at fair and reasonable cost” and according to 23 CFR 172.5 “Price shall not be used as a factor in the analysis and selection phase.” Therefore, local agencies must comply with these CFR requirements when obtaining professional consultant services under a federally funded consultant contract administered by CDOT.

CDOT has formulated its procedures in Procedural Directive (P.D.) 400.1 and the related operations guidebook titled "Obtaining Professional Consultant Services". This directive and guidebook incorporate requirements from both Federal and State regulations, i.e., 23 CFR 172 and CRS §24-30-1401 et seq. Copies of the directive and the guidebook may be obtained upon request from CDOT's Agreements and Consultant Management Unit. [Local agencies should have their own written procedures on file for each method of procurement that addresses the items in 23 CFR 172].

Because the procedures and laws described in the Procedural Directive and the guidebook are quite lengthy, the subsequent steps serve as a short-hand guide to CDOT procedures that a Local Agency must follow in obtaining professional consultant services. This guidance follows the format of 23 CFR 172. The steps are:

1. The contracting Local Agency shall document the need for obtaining professional services.
2. Prior to solicitation for consultant services, the contracting Local Agency shall develop a detailed scope of work and a list of evaluation factors and their relative importance. The evaluation factors are those identified in C.R.S. 24-30-1403. Also, a detailed cost estimate should be prepared for use during negotiations.
3. The contracting agency must advertise for contracts in conformity with the requirements of C.R.S. 24-30-1405. The public notice period, when such notice is required, is a minimum of 15 days prior to the selection of the three most qualified firms and the advertising should be done in one or more daily newspapers of general circulation.
4. The Local Agency shall not advertise any federal aid contract without prior review by the CDOT Regional Civil Rights Office (RCRO) to determine whether the contract shall be subject to a DBE contract goal. If the RCRO determines a goal is necessary, then the Local Agency shall include the goal and the applicable provisions within the advertisement. The Local Agency shall not award a contract to any Contractor or Consultant without the confirmation by the CDOT Civil Rights and Business Resource Center that the Contractor or Consultant has demonstrated good faith efforts. The Local Agency shall work with the CDOT RCRO to ensure compliance with the established terms during the performance of the contract.
5. The Local Agency shall require that all contractors pay subcontractors for satisfactory performance of work no later than 30 days after the receipt of payment for that work from the contractor. For construction projects, this time period shall be reduced to seven days in accordance with Colorado Revised Statute 24-91-103(2). If the Local Agency withholds retainage from contractors and/or allows contractors to withhold retainage from subcontractors, such retainage provisions must comply with 49 CFR 26.29.
6. Payments to all Subconsultants shall be made within thirty days of receipt of payment from [the Local Agency] or no later than ninety days from the date of the submission of a complete invoice from the Subconsultant, whichever occurs first. If the Consultant has good cause to dispute an amount invoiced by a Subconsultant, the Consultant shall notify [the Local Agency] no later than the required date for payment. Such notification shall include the amount disputed and justification for the withholding. The Consultant shall maintain records of payment that show amounts paid to all Subconsultants. Good cause does not include the Consultant's failure to submit an invoice to the Local Agency or to deposit payments made.
7. The analysis and selection of the consultants shall be done in accordance with CRS §24-30-1403. This section of the regulation identifies the criteria to be used in the evaluation of CDOT pre-qualified prime consultants and their team. It also shows which criteria are used to short-list and to make a final selection.

The short-list is based on the following evaluation factors:

- a. Qualifications,

- b. Approach to the Work,
- c. Ability to furnish professional services.
- d. Anticipated design concepts, and
- e. Alternative methods of approach for furnishing the professional services. Evaluation factors for final selection are the consultant's:

- a. Abilities of their personnel,
 - b. Past performance,
 - c. Willingness to meet the time and budget requirement,
 - d. Location,
 - e. Current and projected work load,
 - f. Volume of previously awarded contracts, and
 - g. Involvement of minority consultants.
8. Once a consultant is selected, the Local Agency enters into negotiations with the consultant to obtain a fair and reasonable price for the anticipated work. Pre-negotiation audits are prepared for contracts expected to be greater than \$50,000. Federal reimbursements for costs are limited to those costs allowable under the cost principles of 48 CFR 31. Fixed fees (profit) are determined with consideration given to size, complexity, duration, and degree of risk involved in the work. Profit is in the range of six to 15 percent of the total direct and indirect costs.
9. A qualified Local Agency employee shall be responsible and in charge of the Work to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of the contract. At the end of Work, the Local Agency prepares a performance evaluation (a CDOT form is available) on the consultant.

CRS §§24-30-1401 THROUGH 24-30-1408, 23 CFR PART 172, AND P.D. 400.1, PROVIDE ADDITIONAL DETAILS FOR COMPLYING WITH THE PRECEEDING EIGHT (8) STEPS.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work

performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (see 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide

sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants /

Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment:

The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on [Form FHWA-1391](#). The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than \$10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway

Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act ([29 CFR part 3](#))), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act ([40 U.S.C. 3141\(2\)\(B\)](#)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided*, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in [29 CFR part 1](#), a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division

under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

- (1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;
- (2) A contracting agency for its procurement costs;
- (3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;
- (4) A contractor's assignee(s);
- (5) A contractor's successor(s); or
- (6) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901](#)–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. *Basic record requirements* (1) *Length of record retention.* All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) *Information required.* Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) *Additional records relating to fringe benefits.* Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) *Additional records relating to apprenticeship.* Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. *Certified payroll requirements* (1) *Frequency and method of submission.* The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting

agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) *Information required.* The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (e.g., the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at <https://www.dol.gov/sites/dolgov/files/WHDL/legacy/files/wh347.pdf> or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) *Statement of Compliance.* Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in [29 CFR part 3](#); and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) *Use of Optional Form WH-347.* The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under [18 U.S.C. 1001](#) and [31 U.S.C. 3729](#).

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under [29 CFR part 6](#) any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address

of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices (1) Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeymen on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeymen under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and [29 CFR part 30](#).

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of [40 U.S.C. 3144\(b\)](#) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of [40 U.S.C. 3144\(b\)](#) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, [18 U.S.C. 1001](#).

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#); or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#).

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* \$31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

- (1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;
- (2) A contracting agency for its procurement costs;
- (3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;
- (4) A contractor's assignee(s);
- (5) A contractor's successor(s); or
- (6) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901](#)–3907.

4. **Subcontracts.** The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the

event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. **Anti-retaliation.** It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

- (1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
- (2) the prime contractor remains responsible for the quality of the work of the leased employees;

(3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and
(4) the prime contractor remains ultimately responsible for the payment of predetermined minimum wages, the submission of payrolls, statements of compliance and all other Federal regulatory requirements.

b. "Specialty Items" shall be construed to be limited to work that requires highly specialized knowledge, abilities, or equipment not ordinarily available in the type of contracting organizations qualified and expected to bid or propose on the contract as a whole and in general are to be limited to minor components of the overall contract. 23 CFR 635.102.

2. Pursuant to 23 CFR 635.116(a), the contract amount upon which the requirements set forth in paragraph (1) of Section VI is computed includes the cost of material and manufactured products which are to be purchased or produced by the contractor under the contract provisions.

3. Pursuant to 23 CFR 635.116(c), the contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.

4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract. (based on long-standing interpretation of 23 CFR 635.116).

5. The 30-percent self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements. 23 CFR 635.116(d).

VII. SAFETY: ACCIDENT PREVENTION

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

1. In the performance of this contract the contractor shall comply with all applicable Federal, State, and local laws governing safety, health, and sanitation (23 CFR Part 635). The contractor shall provide all safeguards, safety devices and protective equipment and take any other needed actions as it determines, or as the contracting officer may determine, to be reasonably necessary to protect the life and health of employees on the job and the safety of the public and to protect property in connection with the performance of the work covered by the contract. 23 CFR 635.108.

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and

health standards (29 CFR Part 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704). 29 CFR 1926.10.

3. Pursuant to 29 CFR 1926.3, it is a condition of this contract that the Secretary of Labor or authorized representative thereof, shall have right of entry to any site of contract performance to inspect or investigate the matter of compliance with the construction safety and health standards and to carry out the duties of the Secretary under Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

VIII. FALSE STATEMENTS CONCERNING HIGHWAY PROJECTS

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

"Whoever, being an officer, agent, or employee of the United States, or of any State or Territory, or whoever, whether a person, association, firm, or corporation, knowingly makes any false statement, false representation, or false report as to the character, quality, quantity, or cost of the material used or to be used, or the quantity or quality of the work performed or to be performed, or the cost thereof in connection with the submission of plans, maps, specifications, contracts, or costs of construction on any highway or related project submitted for approval to the Secretary of Transportation; or

Whoever knowingly makes any false statement, false representation, false report or false claim with respect to the character, quality, quantity, or cost of any work performed or to be performed, or materials furnished or to be furnished, in connection with the construction of any highway or related project approved by the Secretary of Transportation; or

Whoever knowingly makes any false statement or false representation as to material fact in any statement, certificate, or report submitted pursuant to provisions of the Federal-aid Roads Act approved July 11, 1916, (39 Stat. 355), as amended and supplemented;

Shall be fined under this title or imprisoned not more than 5 years or both."

IX. IMPLEMENTATION OF CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT (42 U.S.C. 7606; 2 CFR 200.88; EO 11738)

This provision is applicable to all Federal-aid construction contracts in excess of \$150,000 and to all related subcontracts. 48 CFR 2.101; 2 CFR 200.327.

By submission of this bid/proposal or the execution of this contract or subcontract, as appropriate, the bidder, proposer, Federal-aid construction contractor, subcontractor, supplier, or vendor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal Highway Administration and the Regional Office of the Environmental Protection Agency. 2 CFR Part 200, Appendix II.

The contractor agrees to include or cause to be included the requirements of this Section in every subcontract, and further agrees to take such action as the contracting agency may direct as a means of enforcing such requirements. 2 CFR 200.327.

X. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

This provision is applicable to all Federal-aid construction contracts, design-build contracts, subcontracts, lower-tier subcontracts, purchase orders, lease agreements, consultant contracts or any other covered transaction requiring FHWA approval or that is estimated to cost \$25,000 or more – as defined in 2 CFR Parts 180 and 1200. 2 CFR 180.220 and 1200.220.

1. Instructions for Certification – First Tier Participants:

a. By signing and submitting this proposal, the prospective first tier participant is providing the certification set out below.

b. The inability of a person to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The prospective first tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective first tier participant to furnish a certification or an explanation shall disqualify such a person from participation in this transaction. 2 CFR 180.320.

c. The certification in this clause is a material representation of fact upon which reliance was placed when the contracting agency determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the contracting agency may terminate this transaction for cause of default. 2 CFR 180.325.

d. The prospective first tier participant shall provide immediate written notice to the contracting agency to whom this proposal is submitted if any time the prospective first tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 2 CFR 180.345 and 180.350.

e. The terms "covered transaction," "debarred," "suspended," "ineligible," "participant," "person," "principal," and "voluntarily excluded," as used in this clause, are defined in 2 CFR Parts 180, Subpart I, 180.900-180.1020, and 1200. "First Tier Covered Transactions" refers to any covered transaction between a recipient or subrecipient of Federal funds and a participant (such as the prime or general contract). "Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

f. The prospective first tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 2 CFR 180.330.

g. The prospective first tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions," provided by the department or contracting agency, entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold. 2 CFR 180.220 and 180.300.

h. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. 2 CFR 180.300; 180.320, and 180.325. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise ineligible to participate in covered transactions. 2 CFR 180.335. To verify the eligibility of its principals, as well as the eligibility of any lower tier prospective participants, each participant may, but is not required to, check the System for Award Management website (<https://www.sam.gov/>). 2 CFR 180.300, 180.320, and 180.325.

i. Nothing contained in the foregoing shall be construed to require the establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the prospective participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

j. Except for transactions authorized under paragraph (f) of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 2 CFR 180.325.

* * * * *

2. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – First Tier Participants:

a. The prospective first tier participant certifies to the best of its knowledge and belief, that it and its principals:

b. Where the prospective participant is unable to certify to any of the statements in this certification, such prospective participant should attach an explanation to this proposal. 2 CFR 180.335 and 180.340.

3. Instructions for Certification - Lower Tier Participants:

(Applicable to all subcontracts, purchase orders, and other lower tier transactions requiring prior FHWA approval or estimated to cost \$25,000 or more - 2 CFR Parts 180 and 1200). 2 CFR 180.220 and 1200.220.

a. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

b. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department, or agency with which

this transaction originated may pursue available remedies, including suspension and/or debarment.

c. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous by reason of changed circumstances. 2 CFR 180.365.

"Lower Tier Covered Transactions" refers to any covered transaction under a First Tier Covered Transaction (such as subcontracts). "First Tier Participant" refers to the participant who has entered into a covered transaction with a recipient or subrecipient of Federal funds (such as the prime or general contractor). "Lower Tier Participant" refers any participant who has entered into a covered transaction with a First Tier Participant or other Lower Tier Participants (such as subcontractors and suppliers).

e. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 2 CFR 1200.220 and 1200.332.

f. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions exceeding the \$25,000 threshold. 2 CFR 180.220 and 1200.220.

g. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(6) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled,

In addition, contractors must be required to pay wages not less than once a week. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection

Agency (EPA).

A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAMExclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

6.6 Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

7. Certifications. Unless prohibited by Federal statutes or regulations, Recipient may require Subrecipient to submit certifications and representations required by Federal statutes or regulations on an annual basis. 2 CFR §200.208. Submission may be required more frequently if Subrecipient fails to meet a requirement of the Federal award. Subrecipient shall certify in writing to the State at the end of the Award that the project or activity was completed or the level of effort was expended. 2 CFR §200.201(3). If the required level of activity or effort was not carried out, the amount of the Award must be adjusted.

7.1 Event of Default. Failure to comply with these Uniform Guidance Supplemental Provisions shall constitute an event of default under the Grant Agreement (2 CFR §200.339) and the State may terminate the Grant upon 30 days prior written notice if the default remains uncured five calendar days following the termination of the 30 day notice period. This remedy will be in addition to any other remedy available to the State of Colorado under the Grant, at law or in equity.

8. Effective Date. The effective date of the Uniform Guidance is December 26, 2013. 2 CFR §200.110. Section 200.301 provides guidance to Federal agencies to measure performance in a way that will help the Federal awarding agency and other non-Federal entities to improve program outcomes.

The Federal awarding agency is required to provide recipients with clear performance goals, indicators, and milestones (200.210). Also, must require the recipient to relate financial data to performance accomplishments of the Federal award.

Federal financial assistance does not encompass Agreements of guarantee or insurance, regulated programs, licenses, procurement Agreements by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Subrecipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Subrecipient's program(s) and activity(ies), so long as any portion of the Subrecipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Subrecipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.
2. Subrecipient acknowledges that Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," seeks to improve access to federally assisted programs and activities for individuals who, because of national origin, have Limited English proficiency (LEP). Subrecipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Subrecipient shall initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Subrecipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Subrecipient's programs, services, and activities.
3. Subrecipient agrees to consider the need for language services for LEP persons when Subrecipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

4. Subrecipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Subrecipient and Subrecipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Subrecipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every Agreement or agreement subject to Title VI and its regulations between the Subrecipient and the Subrecipient's sub-grantees, Contractors, Subcontractors, successors, transferees, and assignees:

The sub-grantee, Contractor, Subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits Subrecipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this Agreement (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this Agreement or agreement.

6. Subrecipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Subrecipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Subrecipient for the period during which it retains ownership or possession of the property.
7. Subrecipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Subrecipient shall comply with information requests, on-site compliance reviews and reporting requirements.
8. Subrecipient shall maintain a complaint log and inform the Department of the Treasury of any complaints of discrimination on the grounds of race, color, or national origin, and limited English proficiency covered by Title VI of the Civil Rights Act of 1964 and implementing regulations and provide, upon request, a list of all such reviews or proceedings based on the complaint, pending or completed, including outcome. Subrecipient also must inform the Department of the Treasury if Subrecipient has received no complaints under Title VI.
9. Subrecipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Subrecipient and the administrative agency that made the finding. If the Subrecipient settles a case or matter alleging such discrimination, the Subrecipient must provide documentation of the settlement. If Subrecipient has not been the subject of any court or administrative agency finding of

discrimination, please so state.

10. If the Subrecipient makes sub-awards to other agencies or other entities, the Subrecipient is responsible for ensuring that sub-Subrecipients also comply with Title VI and other applicable authorities covered in this document State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that that they are effectively monitoring the civil rights compliance of sub- Subrecipients.

The United States of America has the right to seek judicial enforcement of the terms of this assurances document and nothing in this document alters or limits the federal enforcement measures that the United States may take in order to address violations of this document or applicable federal law.

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 11

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: **CDOT IGA FOR IMPROVEMENTS ALONG SHERIDAN**

SUMMARY STATEMENT: This resolution would authorize the City Manager to enter into an intergovernmental agreement (IGA) with the Colorado Department of Transportation (CDOT) for a grant to fund improvements along Sheridan Boulevard between Jewell Avenue and approximately Florida Avenue.

BACKGROUND INFORMATION: Currently, the west side of Sheridan Boulevard between Jewell Avenue and Iowa Avenue does not have any pedestrian facilities, and north of Iowa has a narrow sidewalk in portions to one block south of Florida. The City has been awarded a grant to fund the construction of a shared-use path along the west side of Sheridan in this area. The attached IGA is for that grant.

There is a well-worn social trail along the west side of Sheridan for the length of the project, showing it is used even without a paved path. Between Jewell and Mexico, the social trail varies between flat and steeply sloped to the motor vehicle lanes, depending on the adjacent property. Starting at Mexico, there are multiple properties with concrete parking in the sidewalk area, but this is not a dedicated sidewalk. Bicycle or wheelchair users attempting to use this trail have been seen going into the vehicular traffic lane due to the width and slope. The grant with City matching funds will provide a paved concrete path for multiple users.

The project consists of constructing sidewalk, curb and gutter and curb ramps adjacent to Sheridan Boulevard. Retaining wall construction and replacement of private improvements is also anticipated. Funding needs for the proposed project are estimated at \$2,420,000. The proposed IGA would establish the City's contribution to the project at \$484,000 and CDOT's contribution at \$1,936,000. Funds for the City's contribution will come from the TABOR Fund. Use of the funds will be for construction and completion of the proposed improvements.

BUDGETARY IMPACTS: Adequate TABOR funds are included in the approved 2024 budget for the proposed IGA.

STAFF RECOMMENDATIONS: Approval of the Resolution.

ALTERNATIVES: City Council could choose to not approve the resolution resulting in the indefinite postponement of the proposed improvements. Pedestrians will continue to utilize existing social trails along Sheridan Boulevard until funding for this project can be approved.

PUBLIC OUTREACH: This item has been promoted through regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: The IGA will be executed, and design activities for the proposed project are expected to commence in June.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Local Agency shall be subject to **§14.A.i.a**

iii. Payments

If the State terminates this Agreement in the public interest, the State shall pay Local Agency an amount equal to the percentage of the total reimbursement payable under this Agreement that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Agreement is less than 60% completed, as determined by the State, the State may reimburse Local Agency for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Agreement, incurred by Local Agency which are directly attributable to the uncompleted portion of Local Agency’s obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Local Agency hereunder. This subsection shall not apply to a termination of this ARPA Award by the State for breach by Local Agency.

- b. Local Agency shall be responsible for the following:

Local Agency shall not proceed with that part of the Work before obtaining the PUC's order. Local Agency shall also establish contact with the railroad company involved for the purpose of complying with applicable provisions of 23 C.F.R. 646, subpart B, concerning federal-aid projects involving railroad facilities, and:

- a. Execute an agreement with the railroad company setting out what work is to be accomplished and the location(s) thereof, and which costs shall be eligible for federal participation.
- b. Obtain the railroad's detailed estimate of the cost of the Work.
- c. Establish future maintenance responsibilities for the proposed installation.

Local Agency shall perform all Work in accordance with the requirements of current federal and State environmental regulations, including the National Environmental Policy Act of 1969 (NEPA) as applicable.

viii. Maintenance Obligations

Local Agency shall maintain and operate the Work constructed under this Agreement at its own cost and expense during their useful life, in a manner satisfactory to the State and FHWA. Local Agency shall conduct such maintenance and operations in accordance with all applicable statutes, ordinances, and regulations pertaining to maintaining such improvements. The State and FHWA may make periodic inspections to verify that such improvements are being adequately maintained.

ix. Monitoring Obligations

Local Agency shall respond in a timely manner to and participate fully with the monitoring activities described in §7.F.vi.

B. State's Commitments

- i. The State will perform a final project inspection of the Work as a quality control/assurance activity. When all Work has been satisfactorily completed, the State will sign the FHWA Form 1212.
- ii. Notwithstanding any consents or approvals given by the State for the Plans, the State shall not be liable or responsible in any manner for the structural design, details or construction of any Work constituting major structures designed by, or that are the responsibility of, Local Agency, as identified in **Exhibit E**.

7. PAYMENTS

A. Maximum Amount

Payments to Local Agency are limited to the unpaid, obligated balance of the Agreement Funds set forth in **Exhibit C**. The State shall not pay Local Agency any amount under this Agreement that exceeds the Agreement Maximum set forth in **Exhibit C**.

B. Payment Procedures

i. Invoices and Payment

- a. The State shall pay Local Agency in the amounts and in accordance with conditions set forth in **Exhibit C**.
- b. Local Agency shall initiate payment requests by invoice to the State, in a form and manner approved by the State.
- c. The State shall pay each invoice within 45 days following the State's receipt of that invoice, so long as the amount invoiced correctly represents Work completed by Local Agency and previously accepted by the State during the term that the invoice covers. If the State determines that the amount of any invoice is not correct, then Local Agency shall make all changes necessary to correct that invoice.
- d. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Agreement.
- e. If a project is funded in part with Federal or State special funding there may be an expiration date for the funds. The expiration date applies to grants and local funds used to match grants. To receive payment or credit for the match, Work must be completed or substantially completed, as outlined in the terms of the grant, prior to the expiration date of the special funding and invoiced in compliance with the rules outlined in the award of the funding. The acceptance of an invoice shall not constitute acceptance of any Work performed or deliverables provided under the Agreement.

ii. Interest

Amounts not paid by the State within 45 days after the State's acceptance of the invoice shall bear interest on the unpaid balance beginning on the 46th day at the rate of 1% per month, as required by §24-30-202(24)(a), C.R.S., until paid in full; provided, however, that interest shall not accrue on unpaid amounts that the State disputes in writing. Local Agency shall invoice the State separately for accrued interest on delinquent amounts, and the invoice shall reference the delinquent payment, the number of days interest to be paid and the interest rate.

iii. Payment Disputes

If Local Agency disputes any calculation, determination, or amount of any payment, Local Agency shall notify the State in writing of its dispute within 30 days following the earlier to occur of Local Agency's receipt of the payment or notification of the determination or calculation of the payment by the State. The State will review the information presented by Local Agency and may make changes to its determination based on this review. The calculation, determination, or payment amount that results from the State's review shall not be subject to additional dispute under this subsection. No payment subject to a dispute under this subsection shall be due until after the State has concluded its review, and the State shall not pay any interest on any amount during the period it is subject to dispute under this subsection.

iv. Available Funds-Contingency-Termination

- a. The State is prohibited by law from making commitments beyond the term of the current State Fiscal Year. Payment to Local Agency beyond the current State Fiscal Year is contingent on the appropriation and continuing availability of Agreement Funds in any subsequent year (as provided in the Colorado Special Provisions). If federal funds or funds from any other non-State funds constitute all or some of the Agreement Funds, the State's obligation to pay Local Agency shall be contingent upon such non-State funding continuing to be made available for payment. Payments to be made pursuant to this Agreement shall be made only from Agreement Funds, and the State's liability for such payments shall be limited to the amount remaining of such Agreement Funds. If State, federal or other funds are not appropriated, or otherwise become unavailable to fund this Agreement, the State may, upon written notice, terminate this Agreement, in whole or in part, without incurring further liability. The State shall, however, remain obligated to pay for Services and Goods that are delivered and accepted prior to the effective date of notice of termination, and this termination shall otherwise be treated as if this Agreement were terminated in the public interest as described in **§2.C**.
- b. If the agreement funds are terminated, the State can terminate the contract early. Payment due for work done to the date of termination will be processed in a manner consistent with **§2.C**.

v. Erroneous Payments

The State may recover, at the State's discretion, payments made to Local Agency in error for any reason, including, but not limited to, overpayments or improper payments, and unexpended or excess funds received by Local Agency. The State may recover such payments by deduction from subsequent payments under this Agreement, deduction from any payment due under any other contracts, grants or agreements between the State and Local Agency, or by any other appropriate method for collecting debts owed to the State. The close out of a Federal Award does not affect the right of FHWA or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period (as defined below in **§9.A.**).

vi. Federal Recovery

The close-out of a Federal Award does not affect the right of the Federal Awarding Agency or the State to disallow costs and recover funds on the basis of a later audit or other review. Any cost disallowance recovery is to be made within the Record Retention Period, as defined below.

C. Local Agency Funds

Local Agency shall provide their obligated contribution funds as outlined in **§7.A.** and **Exhibit C**. Local Agency shall have raised the full amount of their funds prior to the Effective Date and shall report to the State regarding the status of such funds upon request. Local Agency's obligation to pay all or any part of any matching funds, whether direct or contingent, only extend to funds duly and lawfully appropriated for the purposes of this Agreement by the authorized representatives of Local Agency and paid into Local Agency's treasury. Local Agency represents to the State that the amount designated "Local Agency Funds" in **Exhibit C** has been legally appropriated for the purpose of this Agreement by its authorized representatives and paid into its treasury. Local Agency may evidence such obligation by an appropriate ordinance/resolution or other authority letter expressly authorizing Local Agency to enter into this Agreement and to expend its match share of the Work. A copy of any such ordinance/resolution or authority letter is attached hereto as **Exhibit D** if applicable. Local Agency does not by this Agreement irrevocably pledge present cash reserves for payments in future fiscal years, and this Agreement is not intended to create a multiple-fiscal year debt of

Local Agency. Local Agency shall not pay or be liable for any claimed interest, late charges, fees, taxes, or penalties of any nature, except as required by Local Agency's laws or policies.

D. Reimbursement of Local Agency Costs

The State shall reimburse Local Agency's allowable costs, not exceeding the maximum total amount described in **Exhibit C** and §7. However, any costs incurred by Local Agency prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. The State shall pay Local Agency for costs or expenses incurred or performance by the Local Agency prior to the Effective Date, only if (1) the Grant Funds involve federal funding and (2) federal laws, rules, and regulations applicable to the Work provide for such retroactive payments to the Local Agency. Any such retroactive payments shall comply with State Fiscal Rules and be made in accordance with the provisions of this Agreement. The applicable principles described in 2 C.F.R. Part 200 shall govern the State's obligation to reimburse all costs incurred by Local Agency and submitted to the State for reimbursement hereunder, and Local Agency shall comply with all such principles. The State shall reimburse Local Agency for the federal-aid share of properly documented costs related to the Work after review and approval thereof, subject to the provisions of this Agreement and **Exhibit C**. Local Agency costs for Work performed prior to the Effective Date shall not be reimbursed absent specific allowance of pre-award costs and indication that the Federal Award funding is retroactive. Local Agency costs for Work performed after any Performance Period End Date for a respective phase of the Work, is not reimbursable. Allowable costs shall be:

- i. Reasonable and necessary to accomplish the Work and for the Goods and Services provided.
- ii. Actual net cost to Local Agency (i.e. the price paid minus any items of value received by Local Agency that reduce the cost actually incurred).

E. Unilateral Modification of Agreement Funds Budget by State Option Letter

The State may, at its discretion, issue an "Option Letter" to Local Agency to add or modify Work phases in the Work schedule in **Exhibit C** if such modifications do not increase total budgeted Agreement Funds. Such Option Letters shall amend and update **Exhibit C**, Sections 2 or 4 of the Table, and sub-sections B and C of the **Exhibit C**. Option Letters shall not be deemed valid until signed by the State Controller or an authorized delegate. **This is NOT a Notice to Proceed.** Modification of **Exhibit C** by unilateral Option Letter is permitted only in the specific scenarios listed below. The State will exercise such options by providing Local Agency a fully executed Option Letter, in a form substantially equivalent to **Exhibit B**. Such Option Letters will be incorporated into this Agreement. This applies to the entire Scope of Work.

- i. Option to Begin a Phase and/or Increase or Decrease the Encumbrance Amount

The State may require by Option Letter that Local Agency begin a new Work phase that may include Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous Work (but may not include Right of Way Acquisition/Relocation or Railroads) as detailed in **Exhibit A**. Such Option Letters may not modify the other terms and conditions stated in this Agreement and must decrease the amount budgeted and encumbered for one or more other Work phases so that the total amount of budgeted Agreement Funds remains the same. The State may also change the funding sources so long as the amount budgeted remains the same and the Local Agency contribution does not increase. The State may also issue a unilateral Option Letter to increase and/or decrease the total encumbrance amount of two or more existing Work phases, as long as the total amount of budgeted Agreement Funds remains the same, replacing the original Agreement Funding exhibit (**Exhibit C**) with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.).

- ii. Option to Transfer Funds from One Phase to Another Phase.

The State may require or permit Local Agency to transfer Agreement Funds from one Work phase (Design, Construction, Environmental, Utilities, ROW Incidentals or Miscellaneous) to another phase as a result of changes to State, federal, and local match funding. In such case, the original funding exhibit (**Exhibit C**) will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The Agreement Funds transferred from one Work phase to another are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a

fully executed Option Letter to Local Agency within thirty (30) days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.

iii. Option to Exercise Options i and ii.

The State may require Local Agency to add a Work phase as detailed in **Exhibit A**, and encumber and transfer Agreement Funds from one Work phase to another. The original funding exhibit (**Exhibit C**) in the original Agreement will be replaced with an updated **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.) attached to the Option Letter. The addition of a Work phase and encumbrance and transfer of Agreement Funds are subject to the same terms and conditions stated in the original Agreement with the total budgeted Agreement Funds remaining the same. The State may unilaterally exercise this option by providing a fully executed Option Letter to Local Agency within 30 days before the initial targeted start date of the Work phase, in a form substantially equivalent to **Exhibit B**.

iv. Option to Extend Agreement/Phase Term and/or modify the OMB Uniform Guidance. The State, at its discretion, shall have the option to extend the term of this Agreement and/or update a Work Phase Performance Period and/or modify information required under the OMB Uniform Guidance, as outlined in **Exhibit C**. Any updated version of **Exhibit C** shall be attached to any executed Option Letter as **Exhibit C-1** (with subsequent exhibits labeled **C-2**, **C-3**, etc.). In order to exercise this option, the State shall provide written notice to the Local Agency in a form substantially equivalent to **Exhibit B**.

F. Accounting

Local Agency shall establish and maintain accounting systems in accordance with generally accepted accounting standards (a separate set of accounts, or as a separate and integral part of its current accounting scheme). Such accounting systems shall, at a minimum, provide as follows:

i. Local Agency Performing the Work

If Local Agency is performing the Work, it shall document all allowable costs, including any approved Services contributed by Local Agency or subcontractors, using payrolls, time records, invoices, contracts, vouchers, and other applicable records.

ii. Local Agency-Checks or Draws

Checks issued or draws made by Local Agency shall be made or drawn against properly signed vouchers detailing the purpose thereof. Local Agency shall keep on file all checks, payrolls, invoices, contracts, vouchers, orders, and other accounting documents in the office of Local Agency, clearly identified, readily accessible, and to the extent feasible, separate and apart from all other Work documents.

iii. State-Administrative Services

The State may perform any necessary administrative support services required hereunder. Local Agency shall reimburse the State for the costs of any such services from the budgeted Agreement Funds as provided for in **Exhibit C**. If FHWA Agreement Funds are or become unavailable, or if Local Agency terminates this Agreement prior to the Work being approved by the State or otherwise completed, then all actual incurred costs of such services and assistance provided by the State shall be reimbursed to the State by Local Agency at its sole expense.

iv. Local Agency-Invoices

Local Agency's invoices shall describe in detail the reimbursable costs incurred by Local Agency for which it seeks reimbursement, the dates such costs were incurred and the amounts thereof, and Local Agency shall not submit more than one invoice per month.

v. Invoicing Within 60 Days

The State shall not be liable to reimburse Local Agency for any costs invoiced more than 60 days after the date on which the costs were incurred, including costs included in Local Agency's final invoice. The State may withhold final payment to Local Agency at the State's sole discretion until completion of final audit. Any costs incurred by Local Agency that are not allowable under 2 C.F.R. Part 200 shall be Local Agency's responsibility, and the State will deduct such disallowed costs from any payments due to Local Agency. The State will not reimburse costs for Work performed after the Performance Period End Date for a respective Work phase. The State will not reimburse costs for Work performed prior to Performance

Period End Date, but for which an invoice is received more than 60 days after the Performance Period End Date.

vi. Risk Assessment & Monitoring

Pursuant to 2 C.F.R. 200.331(b), – CDOT will evaluate Local Agency's risk of noncompliance with federal statutes, regulations, and terms and conditions of this Agreement. Local Agency shall complete a Risk Assessment Form (**Exhibit L**) when that may be requested by CDOT. The risk assessment is a quantitative and/or qualitative determination of the potential for Local Agency's non-compliance with the requirements of the Federal Award. The risk assessment will evaluate some or all of the following factors:

- Experience: Factors associated with the experience and history of the Subrecipient with the same or similar Federal Awards or grants.
- Monitoring/Audit: Factors associated with the results of the Subrecipient's previous audits or monitoring visits, including those performed by the Federal Awarding Agency, when the Subrecipient also receives direct federal funding. Include audit results if Subrecipient receives single audit, where the specific award being assessed was selected as a major program.
- Operation: Factors associated with the significant aspects of the Subrecipient's operations, in which failure could impact the Subrecipient's ability to perform and account for the contracted goods or services.
- Financial: Factors associated with the Subrecipient's financial stability and ability to comply with financial requirements of the Federal Award.
- Internal Controls: Factors associated with safeguarding assets and resources, deterring and detecting errors, fraud and theft, ensuring accuracy and completeness of accounting data, producing reliable and timely financial and management information, and ensuring adherence to its policies and plans.
- Impact: Factors associated with the potential impact of a Subrecipient's non-compliance to the overall success of the program objectives.
- Program Management: Factors associated with processes to manage critical personnel, approved written procedures, and knowledge of rules and regulations regarding federal-aid projects.

Following Local Agency's completion of the Risk Assessment Tool (**Exhibit L**), CDOT will determine the level of monitoring it will apply to Local Agency's performance of the Work. This risk assessment may be re-evaluated after CDOT begins performing monitoring activities.

G. Close Out

Local Agency shall close out this Award within 90 days after the Final Phase Performance End Date. If SLFRF Funds are used the Local Agency shall close out that portion of the Award within 45 days after the ARPA Award Expiration Date. Close out requires Local Agency's submission to the State of all deliverables defined in this Agreement, and Local Agency's final reimbursement request or invoice. The State will withhold 5% of allowable costs until all final documentation has been submitted and accepted by the State as substantially complete. If FHWA or US Treasury has not closed this Federal Award within one (1) year and 90 days after the Final Phase Performance End Date due to Local Agency's failure to submit required documentation, then Local Agency may be prohibited from applying for new Federal Awards through the State until such documentation is submitted and accepted.

8. REPORTING - NOTIFICATION

A. Quarterly Reports

In addition to any reports required pursuant to §19 or pursuant to any exhibit, for any contract having a term longer than 3 months, Local Agency shall submit, on a quarterly basis, a written report specifying progress made for each specified performance measure and standard in this Agreement. Such progress report shall be in accordance with the procedures developed and prescribed by the State. Progress reports shall be submitted to the State not later than ten (10) Business Days following the end of each calendar quarter or at such time as otherwise specified by the State. The Local Agency certifies, by signing this Agreement, to the best of its knowledge and belief, that:

No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, Agreement, loan, or cooperative agreement.

If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer of Congress, or an employee of a Member of Congress in connection with this Federal contract, Agreement, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The prospective participant also agrees by submitting his or her bid or proposal that he or she shall require that the language of this certification be included in all lower tier subcontracts, which exceed \$100,000 and that all such sub-recipients shall certify and disclose accordingly.

EXHIBIT G

DISADVANTAGED BUSINESS ENTERPRISES

SECTION 1. Policy

It is the policy of the Colorado Department of Transportation (CDOT) that Disadvantaged Business Enterprises (DBEs) shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement, pursuant to 49 CFR Part 26. Accordingly, CDOT's federally approved DBE Program Plan shall apply to this agreement.

SECTION 2. Subrecipient and Participant Obligation.

The Local Agency and its subrecipients agrees to ensure that DBEs certified through the Colorado Unified Certification Program have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement.

All participants on contracts and subcontracts financed in whole or in part with Federal funds provided under this Agreement shall take all necessary and reasonable steps in accordance with the CDOT's federally approved DBE Program Plan to ensure that DBEs have the maximum opportunity to compete for and perform contracts.

Local Agency subrecipients and their contractors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of CDOT and federally assisted contracts.

SECTION 3. DBE Program.

The Local Agency subrecipient shall be responsible for complying with CDOT's FHWA-approved DBE Program Plan.

EXHIBIT H

LOCAL AGENCY PROCEDURES FOR CONSULTANT SERVICES

Title 23 Code of Federal Regulations (CFR) 172 applies to a federally funded Local Agency project agreement administered by CDOT that involves professional consultant services. 23 CFR 172.1 states “The policies and procedures involve federally funded contracts for engineering and design related services for projects subject to the provisions of 23 U.S.C. 112(a) and are issued to ensure that a qualified consultant is obtained through an equitable selection process, that prescribed work is properly accomplished in a timely manner, and at fair and reasonable cost” and according to 23 CFR 172.5 “Price shall not be used as a factor in the analysis and selection phase.” Therefore, local agencies must comply with these CFR requirements when obtaining professional consultant services under a federally funded consultant contract administered by CDOT.

CDOT has formulated its procedures in Procedural Directive (P.D.) 400.1 and the related operations guidebook titled "Obtaining Professional Consultant Services". This directive and guidebook incorporate requirements from both Federal and State regulations, i.e., 23 CFR 172 and CRS §24-30-1401 et seq. Copies of the directive and the guidebook may be obtained upon request from CDOT's Agreements and Consultant Management Unit. [Local agencies should have their own written procedures on file for each method of procurement that addresses the items in 23 CFR 172].

Because the procedures and laws described in the Procedural Directive and the guidebook are quite lengthy, the subsequent steps serve as a short-hand guide to CDOT procedures that a Local Agency must follow in obtaining professional consultant services. This guidance follows the format of 23 CFR 172. The steps are:

1. The contracting Local Agency shall document the need for obtaining professional services.
2. Prior to solicitation for consultant services, the contracting Local Agency shall develop a detailed scope of work and a list of evaluation factors and their relative importance. The evaluation factors are those identified in C.R.S. 24-30-1403. Also, a detailed cost estimate should be prepared for use during negotiations.
3. The contracting agency must advertise for contracts in conformity with the requirements of C.R.S. 24-30-1405. The public notice period, when such notice is required, is a minimum of 15 days prior to the selection of the three most qualified firms and the advertising should be done in one or more daily newspapers of general circulation.
4. The Local Agency shall not advertise any federal aid contract without prior review by the CDOT Regional Civil Rights Office (RCRO) to determine whether the contract shall be subject to a DBE contract goal. If the RCRO determines a goal is necessary, then the Local Agency shall include the goal and the applicable provisions within the advertisement. The Local Agency shall not award a contract to any Contractor or Consultant without the confirmation by the CDOT Civil Rights and Business Resource Center that the Contractor or Consultant has demonstrated good faith efforts. The Local Agency shall work with the CDOT RCRO to ensure compliance with the established terms during the performance of the contract.
5. The Local Agency shall require that all contractors pay subcontractors for satisfactory performance of work no later than 30 days after the receipt of payment for that work from the contractor. For construction projects, this time period shall be reduced to seven days in accordance with Colorado Revised Statute 24-91-103(2). If the Local Agency withholds retainage from contractors and/or allows contractors to withhold retainage from subcontractors, such retainage provisions must comply with 49 CFR 26.29.
6. Payments to all Subconsultants shall be made within thirty days of receipt of payment from [the Local Agency] or no later than ninety days from the date of the submission of a complete invoice from the Subconsultant, whichever occurs first. If the Consultant has good cause to dispute an amount invoiced by a Subconsultant, the Consultant shall notify [the Local Agency] no later than the required date for payment. Such notification shall include the amount disputed and justification for the withholding. The Consultant shall maintain records of payment that show amounts paid to all Subconsultants. Good cause does not include the Consultant's failure to submit an invoice to the Local Agency or to deposit payments made.
7. The analysis and selection of the consultants shall be done in accordance with CRS §24-30-1403. This section of the regulation identifies the criteria to be used in the evaluation of CDOT pre-qualified prime consultants and their team. It also shows which criteria are used to short-list and to make a final selection.

The short-list is based on the following evaluation factors:

- a. Qualifications,

- b. Approach to the Work,
- c. Ability to furnish professional services.
- d. Anticipated design concepts, and
- e. Alternative methods of approach for furnishing the professional services. Evaluation factors for final selection are the consultant's:

- a. Abilities of their personnel,
 - b. Past performance,
 - c. Willingness to meet the time and budget requirement,
 - d. Location,
 - e. Current and projected work load,
 - f. Volume of previously awarded contracts, and
 - g. Involvement of minority consultants.
8. Once a consultant is selected, the Local Agency enters into negotiations with the consultant to obtain a fair and reasonable price for the anticipated work. Pre-negotiation audits are prepared for contracts expected to be greater than \$50,000. Federal reimbursements for costs are limited to those costs allowable under the cost principles of 48 CFR 31. Fixed fees (profit) are determined with consideration given to size, complexity, duration, and degree of risk involved in the work. Profit is in the range of six to 15 percent of the total direct and indirect costs.
9. A qualified Local Agency employee shall be responsible and in charge of the Work to ensure that the work being pursued is complete, accurate, and consistent with the terms, conditions, and specifications of the contract. At the end of Work, the Local Agency prepares a performance evaluation (a CDOT form is available) on the consultant.

CRS §§24-30-1401 THROUGH 24-30-1408, 23 CFR PART 172, AND P.D. 400.1, PROVIDE ADDITIONAL DETAILS FOR COMPLYING WITH THE PRECEEDING EIGHT (8) STEPS.

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under title 23, United States Code, as required in 23 CFR 633.102(b) (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services). 23 CFR 633.102(e).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider. 23 CFR 633.102(e).

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services) in accordance with 23 CFR 633.102. The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in solicitation-for-bids or request-for-proposals documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract). 23 CFR 633.102(b).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work

performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract. 23 CFR 633.102(d).

3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.

4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. 23 U.S.C. 114(b). The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors. 23 U.S.C. 101(a).

II. NONDISCRIMINATION (23 CFR 230.107(a); 23 CFR Part 230, Subpart A, Appendix A; EO 11246)

The provisions of this section related to 23 CFR Part 230, Subpart A, Appendix A are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR Part 60, 29 CFR Parts 1625-1627, 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR Part 60, and 29 CFR Parts 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with 23 U.S.C. 140, Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794), and Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d et seq.), and related regulations including 49 CFR Parts 21, 26, and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR Part 230, Subpart A, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal Employment Opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (see 28 CFR Part 35, 29 CFR Part 1630, 29 CFR Parts 1625-1627, 41 CFR Part 60 and 49 CFR Part 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140, shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR Part 35 and 29 CFR Part 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract. 23 CFR 230.409 (g)(4) & (5).

b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, sexual orientation, gender identity, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

2. EEO Officer: The contractor will designate and make known to the contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action or are substantially involved in such action, will be made fully cognizant of and will implement the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer or other knowledgeable company official.

b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.

c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.

d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.

b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability. The following procedures shall be followed:

a. The contractor will conduct periodic inspections of project sites to ensure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action

within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.

b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs (i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance). In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).

c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. 23 CFR 230.409. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.

b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability.

c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide

sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established thereunder. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, gender identity, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

a. The contractor shall notify all potential subcontractors, suppliers, and lessors of their EEO obligations under this contract.

b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurances Required:

a. The requirements of 49 CFR Part 26 and the State DOT's FHWA-approved Disadvantaged Business Enterprise (DBE) program are incorporated by reference.

b. The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (1) Withholding monthly progress payments;
- (2) Assessing sanctions;
- (3) Liquidated damages; and/or
- (4) Disqualifying the contractor from future bidding as non-responsible.

c. The Title VI and nondiscrimination provisions of U.S. DOT Order 1050.2A at Appendixes A and E are incorporated by reference. 49 CFR Part 21.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

a. The records kept by the contractor shall document the following:

(1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;

(2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and

(3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.

b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on [Form FHWA-1391](#). The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of more than \$10,000. 41 CFR 60-1.5.

As prescribed by 41 CFR 60-1.8, the contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, sexual orientation, gender identity, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location under the contractor's control where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size), in accordance with 29 CFR 5.5. The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. 23 U.S.C. 113. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. 23 U.S.C. 101. Where applicable law requires that projects be treated as a project on a Federal-aid highway, the provisions of this subpart will apply regardless of the location of the project. Examples include: Surface Transportation Block Grant Program projects funded under 23 U.S.C. 133 [excluding recreational trails projects], the Nationally Significant Freight and Highway

Projects funded under 23 U.S.C. 117, and National Highway Freight Program projects funded under 23 U.S.C. 167.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages (29 CFR 5.5)

a. *Wage rates and fringe benefits.* All laborers and mechanics employed or working upon the site of the work (or otherwise working in construction or development of the project under a development statute), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act ([29 CFR part 3](#))), the full amount of basic hourly wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. As provided in paragraphs (d) and (e) of 29 CFR 5.5, the appropriate wage determinations are effective by operation of law even if they have not been attached to the contract. Contributions made or costs reasonably anticipated for bona fide fringe benefits under the Davis-Bacon Act ([40 U.S.C. 3141\(2\)\(B\)](#)) on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.e. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics must be paid the appropriate wage rate and fringe benefits on the wage determination for the classification(s) of work actually performed, without regard to skill, except as provided in paragraph 4. of this section. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: *Provided*, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph 1.c. of this section) and the Davis-Bacon poster (WH-1321) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. *Frequently recurring classifications.* (1) In addition to wage and fringe benefit rates that have been determined to be prevailing under the procedures set forth in [29 CFR part 1](#), a wage determination may contain, pursuant to § 1.3(f), wage and fringe benefit rates for classifications of laborers and mechanics for which conformance requests are regularly submitted pursuant to paragraph 1.c. of this section, provided that:

(i) The work performed by the classification is not performed by a classification in the wage determination for which a prevailing wage rate has been determined;

(ii) The classification is used in the area by the construction industry; and

(iii) The wage rate for the classification bears a reasonable relationship to the prevailing wage rates contained in the wage determination.

(2) The Administrator will establish wage rates for such classifications in accordance with paragraph 1.c.(1)(iii) of this section. Work performed in such a classification must be paid at no less than the wage and fringe benefit rate listed on the wage determination for such classification.

c. *Conformance.* (1) The contracting officer must require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract be classified in conformance with the wage determination. Conformance of an additional classification and wage rate and fringe benefits is appropriate only when the following criteria have been met:

(i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(ii) The classification is used in the area by the construction industry; and

(iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) The conformance process may not be used to split, subdivide, or otherwise avoid application of classifications listed in the wage determination.

(3) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken will be sent by the contracting officer by email to DBAconformance@dol.gov. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(4) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer will, by email to DBAconformance@dol.gov, refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(5) The contracting officer must promptly notify the contractor of the action taken by the Wage and Hour Division

under paragraphs 1.c.(3) and (4) of this section. The contractor must furnish a written copy of such determination to each affected worker or it must be posted as a part of the wage determination. The wage rate (including fringe benefits where appropriate) determined pursuant to paragraph 1.c.(3) or (4) of this section must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

d. *Fringe benefits not expressed as an hourly rate.* Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor may either pay the benefit as stated in the wage determination or may pay another bona fide fringe benefit or an hourly cash equivalent thereof.

e. *Unfunded plans.* If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, *Provided*, That the Secretary of Labor has found, upon the written request of the contractor, in accordance with the criteria set forth in § 5.28, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

f. *Interest.* In the event of a failure to pay all or part of the wages required by the contract, the contractor will be required to pay interest on any underpayment of wages.

2. Withholding (29 CFR 5.5)

a. *Withholding requirements.* The contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for the full amount of wages and monetary relief, including interest, required by the clauses set forth in this section for violations of this contract, or to satisfy any such liabilities required by any other Federal contract, or federally assisted contract subject to Davis-Bacon labor standards, that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to Davis-Bacon labor standards requirements and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld. In the event of a contractor's failure to pay any laborer or mechanic, including any apprentice or helper working on the site of the work all or part of the wages required by the contract, or upon the contractor's failure to submit the required records as discussed in paragraph 3.d. of this section, the contracting agency may on its own initiative and after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with paragraph

2.a. of this section or Section V, paragraph 3.a., or both, over claims to those funds by:

- (1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;
- (2) A contracting agency for its procurement costs;
- (3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;
- (4) A contractor's assignee(s);
- (5) A contractor's successor(s); or
- (6) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901](#)–3907.

3. Records and certified payrolls (29 CFR 5.5)

a. Basic record requirements (1) Length of record retention. All regular payrolls and other basic records must be maintained by the contractor and any subcontractor during the course of the work and preserved for all laborers and mechanics working at the site of the work (or otherwise working in construction or development of the project under a development statute) for a period of at least 3 years after all the work on the prime contract is completed.

(2) Information required. Such records must contain the name; Social Security number; last known address, telephone number, and email address of each such worker; each worker's correct classification(s) of work actually performed; hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act); daily and weekly number of hours actually worked in total and on each covered contract; deductions made; and actual wages paid.

(3) Additional records relating to fringe benefits. Whenever the Secretary of Labor has found under paragraph 1.e. of this section that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in [40 U.S.C. 3141\(2\)\(B\)](#) of the Davis-Bacon Act, the contractor must maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits.

(4) Additional records relating to apprenticeship. Contractors with apprentices working under approved programs must maintain written evidence of the registration of apprenticeship programs, the registration of the apprentices, and the ratios and wage rates prescribed in the applicable programs.

b. Certified payroll requirements (1) Frequency and method of submission. The contractor or subcontractor must submit weekly, for each week in which any DBA- or Related Acts-covered work is performed, certified payrolls to the contracting

agency. The prime contractor is responsible for the submission of all certified payrolls by all subcontractors. A contracting agency or prime contractor may permit or require contractors to submit certified payrolls through an electronic system, as long as the electronic system requires a legally valid electronic signature; the system allows the contractor, the contracting agency, and the Department of Labor to access the certified payrolls upon request for at least 3 years after the work on the prime contract has been completed; and the contracting agency or prime contractor permits other methods of submission in situations where the contractor is unable or limited in its ability to use or access the electronic system.

(2) Information required. The certified payrolls submitted must set out accurately and completely all of the information required to be maintained under paragraph 3.a.(2) of this section, except that full Social Security numbers and last known addresses, telephone numbers, and email addresses must not be included on weekly transmittals. Instead, the certified payrolls need only include an individually identifying number for each worker (e.g., the last four digits of the worker's Social Security number). The required weekly certified payroll information may be submitted using Optional Form WH-347 or in any other format desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division website at <https://www.dol.gov/sites/dolgov/files/WHDL/legacy/files/wh347.pdf> or its successor website. It is not a violation of this section for a prime contractor to require a subcontractor to provide full Social Security numbers and last known addresses, telephone numbers, and email addresses to the prime contractor for its own records, without weekly submission by the subcontractor to the contracting agency.

(3) Statement of Compliance. Each certified payroll submitted must be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor, or the contractor's or subcontractor's agent who pays or supervises the payment of the persons working on the contract, and must certify the following:

(i) That the certified payroll for the payroll period contains the information required to be provided under paragraph 3.b. of this section, the appropriate information and basic records are being maintained under paragraph 3.a. of this section, and such information and records are correct and complete;

(ii) That each laborer or mechanic (including each helper and apprentice) working on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in [29 CFR part 3](#); and

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification(s) of work actually performed, as specified in the applicable wage determination incorporated into the contract.

(4) Use of Optional Form WH-347. The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 will satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(3) of this section.

(5) *Signature.* The signature by the contractor, subcontractor, or the contractor's or subcontractor's agent must be an original handwritten signature or a legally valid electronic signature.

(6) *Falsification.* The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under [18 U.S.C. 1001](#) and [31 U.S.C. 3729](#).

(7) *Length of certified payroll retention.* The contractor or subcontractor must preserve all certified payrolls during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

c. *Contracts, subcontracts, and related documents.* The contractor or subcontractor must maintain this contract or subcontract and related documents including, without limitation, bids, proposals, amendments, modifications, and extensions. The contractor or subcontractor must preserve these contracts, subcontracts, and related documents during the course of the work and for a period of 3 years after all the work on the prime contract is completed.

d. *Required disclosures and access* (1) *Required record disclosures and access to workers.* The contractor or subcontractor must make the records required under paragraphs 3.a. through 3.c. of this section, and any other documents that the contracting agency, the State DOT, the FHWA, or the Department of Labor deems necessary to determine compliance with the labor standards provisions of any of the applicable statutes referenced by § 5.1, available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and must permit such representatives to interview workers during working hours on the job.

(2) *Sanctions for non-compliance with records and worker access requirements.* If the contractor or subcontractor fails to submit the required records or to make them available, or refuses to permit worker interviews during working hours on the job, the Federal agency may, after written notice to the contractor, sponsor, applicant, owner, or other entity, as the case may be, that maintains such records or that employs such workers, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available, or to permit worker interviews during working hours on the job, may be grounds for debarment action pursuant to § 5.12. In addition, any contractor or other person that fails to submit the required records or make those records available to WHD within the time WHD requests that the records be produced will be precluded from introducing as evidence in an administrative proceeding under [29 CFR part 6](#) any of the required records that were not provided or made available to WHD. WHD will take into consideration a reasonable request from the contractor or person for an extension of the time for submission of records. WHD will determine the reasonableness of the request and may consider, among other things, the location of the records and the volume of production.

(3) *Required information disclosures.* Contractors and subcontractors must maintain the full Social Security number and last known address, telephone number, and email address

of each covered worker, and must provide them upon request to the contracting agency, the State DOT, the FHWA, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or other compliance action.

4. Apprentices and equal employment opportunity (29 CFR 5.5)

a. *Apprentices (1) Rate of pay.* Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship (OA), or with a State Apprenticeship Agency recognized by the OA. A person who is not individually registered in the program, but who has been certified by the OA or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice, will be permitted to work at less than the predetermined rate for the work they perform in the first 90 days of probationary employment as an apprentice in such a program. In the event the OA or a State Apprenticeship Agency recognized by the OA withdraws approval of an apprenticeship program, the contractor will no longer be permitted to use apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(2) *Fringe benefits.* Apprentices must be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringe benefits must be paid in accordance with that determination.

(3) *Apprenticeship ratio.* The allowable ratio of apprentices to journeymen on the job site in any craft classification must not be greater than the ratio permitted to the contractor as to the entire work force under the registered program or the ratio applicable to the locality of the project pursuant to paragraph 4.a.(4) of this section. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in paragraph 4.a.(1) of this section, must be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under this section must be paid not less than the applicable wage rate on the wage determination for the work actually performed.

(4) *Reciprocity of ratios and wage rates.* Where a contractor is performing construction on a project in a locality other than the locality in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyworker's hourly rate) applicable within the locality in which the construction is being performed must be observed. If there is no applicable ratio or wage rate for the locality of the project, the ratio and wage rate specified in the contractor's registered program must be observed.

b. *Equal employment opportunity.* The use of apprentices and journeymen under this part must be in conformity with

the equal employment opportunity requirements of Executive Order 11246, as amended, and [29 CFR part 30](#).

c. Apprentices and Trainees (programs of the U.S. DOT).

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. 23 CFR 230.111(e)(2). The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeyworkers shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract as provided in 29 CFR 5.5.

6. Subcontracts. The contractor or subcontractor must insert FHWA-1273 in any subcontracts, along with the applicable wage determination(s) and such other clauses or contract modifications as the contracting agency may by appropriate instructions require, and a clause requiring the subcontractors to include these clauses and wage determination(s) in any lower tier subcontracts. The prime contractor is responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this section. In the event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and may be subject to debarment, as appropriate. 29 CFR 5.5.

7. Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract as provided in 29 CFR 5.5.

9. Disputes concerning labor standards. As provided in 29 CFR 5.5, disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility. a. By entering into this contract, the contractor certifies that neither it nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of [40 U.S.C. 3144\(b\)](#) or § 5.12(a).

b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of [40 U.S.C. 3144\(b\)](#) or § 5.12(a).

c. The penalty for making false statements is prescribed in the U.S. Code, Title 18 Crimes and Criminal Procedure, [18 U.S.C. 1001](#).

11. Anti-retaliation. It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#);

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#); or

d. Informing any other person about their rights under the DBA, Related Acts, this part, or [29 CFR part 1](#) or [3](#).

V. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

Pursuant to 29 CFR 5.5(b), the following clauses apply to any Federal-aid construction contract in an amount in excess of \$100,000 and subject to the overtime provisions of the Contract Work Hours and Safety Standards Act. These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchpersons and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek. 29 CFR 5.5.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph 1. of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages and interest from the date of the underpayment. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or

mechanic, including watchpersons and guards, employed in violation of the clause set forth in paragraph 1. of this section, in the sum currently provided in 29 CFR 5.5(b)(2)* for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph 1. of this section.

* \$31 as of January 15, 2023 (See 88 FR 88 FR 2210) as may be adjusted annually by the Department of Labor, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990.

3. Withholding for unpaid wages and liquidated damages

a. *Withholding process.* The FHWA or the contracting agency may, upon its own action, or must, upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor so much of the accrued payments or advances as may be considered necessary to satisfy the liabilities of the prime contractor or any subcontractor for any unpaid wages; monetary relief, including interest; and liquidated damages required by the clauses set forth in this section on this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract subject to the Contract Work Hours and Safety Standards Act that is held by the same prime contractor (as defined in § 5.2). The necessary funds may be withheld from the contractor under this contract, any other Federal contract with the same prime contractor, or any other federally assisted contract that is subject to the Contract Work Hours and Safety Standards Act and is held by the same prime contractor, regardless of whether the other contract was awarded or assisted by the same agency, and such funds may be used to satisfy the contractor liability for which the funds were withheld.

b. *Priority to withheld funds.* The Department has priority to funds withheld or to be withheld in accordance with Section IV paragraph 2.a. or paragraph 3.a. of this section, or both, over claims to those funds by:

- (1) A contractor's surety(ies), including without limitation performance bond sureties and payment bond sureties;
- (2) A contracting agency for its procurement costs;
- (3) A trustee(s) (either a court-appointed trustee or a U.S. trustee, or both) in bankruptcy of a contractor, or a contractor's bankruptcy estate;
- (4) A contractor's assignee(s);
- (5) A contractor's successor(s); or
- (6) A claim asserted under the Prompt Payment Act, [31 U.S.C. 3901](#)–3907.

4. **Subcontracts.** The contractor or subcontractor must insert in any subcontracts the clauses set forth in paragraphs 1. through 5. of this section and a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor is responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs 1. through 5. In the

event of any violations of these clauses, the prime contractor and any subcontractor(s) responsible will be liable for any unpaid wages and monetary relief, including interest from the date of the underpayment or loss, due to any workers of lower-tier subcontractors, and associated liquidated damages and may be subject to debarment, as appropriate.

5. **Anti-retaliation.** It is unlawful for any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, or to cause any person to discharge, demote, intimidate, threaten, restrain, coerce, blacklist, harass, or in any other manner discriminate against, any worker or job applicant for:

a. Notifying any contractor of any conduct which the worker reasonably believes constitutes a violation of the Contract Work Hours and Safety Standards Act (CWHSSA) or its implementing regulations in this part;

b. Filing any complaint, initiating or causing to be initiated any proceeding, or otherwise asserting or seeking to assert on behalf of themselves or others any right or protection under CWHSSA or this part;

c. Cooperating in any investigation or other compliance action, or testifying in any proceeding under CWHSSA or this part; or

d. Informing any other person about their rights under CWHSSA or this part.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System pursuant to 23 CFR 635.116.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" in paragraph 1 of Section VI refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements. Leased employees may only be included in this term if the prime contractor meets all of the following conditions: (based on longstanding interpretation)

- (1) the prime contractor maintains control over the supervision of the day-to-day activities of the leased employees;
- (2) the prime contractor remains responsible for the quality of the work of the leased employees;

- (3) the prime contractor retains all power to accept or exclude individual employees from work on the project; and

This provision is applicable to all Federal-aid construction contracts and to all related subcontracts.

In order to assure high quality and durable construction in conformity with approved plans and specifications and a high degree of reliability on statements and representations made by engineers, contractors, suppliers, and workers on Federal-aid highway projects, it is essential that all persons concerned with the project perform their functions as carefully, thoroughly, and honestly as possible. Willful falsification, distortion, or misrepresentation with respect to any facts related to the project is a violation of Federal law. To prevent any misunderstanding regarding the seriousness of these and similar acts, Form FHWA-1022 shall be posted on each Federal-aid highway project (23 CFR Part 635) in one or more places where it is readily available to all persons concerned with the project:

18 U.S.C. 1020 reads as follows:

- 1.11. “Uniform Guidance Supplemental Provisions”** means these Supplemental Provisions for Federal Awards subject to the OMB Uniform Guidance, as may be revised pursuant to ongoing guidance from relevant Federal agencies or the Colorado State Controller.

(6) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled,

terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

6.2 Davis-Bacon Act. Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection

Agency (EPA).

6.5 Debarment and Suspension (Executive Orders 12549 and 12689). A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAMExclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

6.6 Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

7. Certifications. Unless prohibited by Federal statutes or regulations, Recipient may require Subrecipient to submit certifications and representations required by Federal statutes or regulations on an annual basis. 2 CFR §200.208. Submission may be required more frequently if Subrecipient fails to meet a requirement of the Federal award. Subrecipient shall certify in writing to the State at the end of the Award that the project or activity was completed or the level of effort was expended. 2 CFR §200.201(3). If the required level of activity or effort was not carried out, the amount of the Award must be adjusted.

7.1 Event of Default. Failure to comply with these Uniform Guidance Supplemental Provisions shall constitute an event of default under the Grant Agreement (2 CFR §200.339) and the State may terminate the Grant upon 30 days prior written notice if the default remains uncured five calendar days following the termination of the 30 day notice period. This remedy will be in addition to any other remedy available to the State of Colorado under the Grant, at law or in equity.

8. Effective Date. The effective date of the Uniform Guidance is December 26, 2013. 2 CFR §200.110. The procurement standards set forth in Uniform Guidance §§200.317-200.326 are applicable to new Awards made by Recipient as of December 26, 2015. The standards set forth in Uniform Guidance Subpart F-Audit Requirements are applicable to audits of fiscal years beginning on or after December 26, 2014.

9. Performance Measurement. The Uniform Guidance requires completion of OMB-approved standard information collection forms (the PPR). The form focuses on outcomes, as related to the Federal Award Performance Goals that awarding Federal agencies are required to detail in the Awards.

Section 200.301 provides guidance to Federal agencies to measure performance in a way that will help the Federal awarding agency and other non-Federal entities to improve program outcomes.

The Federal awarding agency is required to provide recipients with clear performance goals, indicators, and milestones (200.210). Also, must require the recipient to relate financial data to performance accomplishments of the Federal award.

ASSURANCES OF COMPLIANCE WITH CIVIL RIGHTS REQUIREMENTS

ASSURANCES OF COMPLIANCE WITH TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

As a condition of receipt of federal financial assistance from the Department of the Treasury, the Subrecipient provides the assurances stated herein. The federal financial assistance may include federal grants, loans and Agreements to provide assistance to the Subrecipient's beneficiaries, the use or rent of Federal land or property at below market value, Federal training, a loan of Federal personnel, subsidies, and other arrangements with the intention of providing assistance. Federal financial assistance does not encompass Agreements of guarantee or insurance, regulated programs, licenses, procurement Agreements by the Federal government at market value, or programs that provide direct benefits.

The assurances apply to all federal financial assistance from or funds made available through the Department of the Treasury, including any assistance that the Subrecipient may request in the future.

The Civil Rights Restoration Act of 1987 provides that the provisions of the assurances apply to all of the operations of the Subrecipient's program(s) and activity(ies), so long as any portion of the Subrecipient's program(s) or activity(ies) is federally assisted in the manner prescribed above.

1. Subrecipient ensures its current and future compliance with Title VI of the Civil Rights Act of 1964, as amended, which prohibits exclusion from participation, denial of the benefits of, or subjection to discrimination under programs and activities receiving federal financial assistance, of any person in the United States on the ground of race, color, or national origin (42 U.S.C. § 2000d *et seq.*), as implemented by the Department of the Treasury Title VI regulations at 31 CFR Part 22 and other pertinent executive orders such as Executive Order 13166, directives, circulars, policies, memoranda, and/or guidance documents.

Subrecipient understands that denying a person access to its programs, services, and activities because of LEP is a form of national origin discrimination prohibited under Title VI of the Civil Rights Act of 1964 and the Department of the Treasury's implementing regulations. Accordingly, Subrecipient shall initiate reasonable steps, or comply with the Department of the Treasury's directives, to ensure that LEP persons have meaningful access to its programs, services, and activities. Subrecipient understands and agrees that meaningful access may entail providing language assistance services, including oral interpretation and written translation where necessary, to ensure effective communication in the Subrecipient's programs, services, and activities.
3. Subrecipient agrees to consider the need for language services for LEP persons when Subrecipient develops applicable budgets and conducts programs, services, and activities. As a resource, the Department of the Treasury has published its LEP guidance at 70 FR 6067. For more information on taking reasonable steps to provide meaningful access for LEP persons, please visit <http://www.lep.gov>.

4. Subrecipient acknowledges and agrees that compliance with the assurances constitutes a condition of continued receipt of federal financial assistance and is binding upon Subrecipient and Subrecipient's successors, transferees, and assignees for the period in which such assistance is provided.
5. Subrecipient acknowledges and agrees that it must require any sub-grantees, contractors, subcontractors, successors, transferees, and assignees to comply with assurances 1-4 above, and agrees to incorporate the following language in every Agreement or agreement subject to Title VI and its regulations between the Subrecipient and the Subrecipient's sub-grantees, Contractors, Subcontractors, successors, transferees, and assignees:

The sub-grantee, Contractor, Subcontractor, successor, transferee, and assignee shall comply with Title VI of the Civil Rights Act of 1964, which prohibits Subrecipients of federal financial assistance from excluding from a program or activity, denying benefits of, or otherwise discriminating against a person on the basis of race, color, or national origin (42 U.S.C. § 2000d et seq.), as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, which are herein incorporated by reference and made a part of this Agreement (or agreement). Title VI also includes protection to persons with "Limited English Proficiency" in any program or activity receiving federal financial assistance, 42 U.S.C. § 2000d et seq., as implemented by the Department of the Treasury's Title VI regulations, 31 CFR Part 22, and herein incorporated by reference and made a part of this Agreement or agreement.

6. Subrecipient understands and agrees that if any real property or structure is provided or improved with the aid of federal financial assistance by the Department of the Treasury, this assurance obligates the Subrecipient, or in the case of a subsequent transfer, the transferee, for the period during which the real property or structure is used for a purpose for which the federal financial assistance is extended or for another purpose involving the provision of similar services or benefits. If any personal property is provided, this assurance obligates the Subrecipient for the period during which it retains ownership or possession of the property.
7. Subrecipient shall cooperate in any enforcement or compliance review activities by the Department of the Treasury of the aforementioned obligations. Enforcement may include investigation, arbitration, mediation, litigation, and monitoring of any settlement agreements that may result from these actions. The Subrecipient shall comply with information requests, on-site compliance reviews and reporting requirements.

Subrecipient also must inform the Department of the Treasury if Subrecipient has received no complaints under Title VI.
9. Subrecipient must provide documentation of an administrative agency's or court's findings of non-compliance of Title VI and efforts to address the non-compliance, including any voluntary compliance or other agreements between the Subrecipient and the administrative agency that made the finding. If the Subrecipient settles a case or matter alleging such discrimination, the Subrecipient must provide documentation of the settlement. If Subrecipient has not been the subject of any court or administrative agency finding of

discrimination, please so state.

10. If the Subrecipient makes sub-awards to other agencies or other entities, the Subrecipient is responsible for ensuring that sub-Subrecipients also comply with Title VI and other applicable authorities covered in this document State agencies that make sub-awards must have in place standard grant assurances and review procedures to demonstrate that that they are effectively monitoring the civil rights compliance of sub- Subrecipients.

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 12

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: **INTENT TO ACQUIRE PROPERTY FOR SHARED-USE PATH**

SUMMARY STATEMENT: This ordinance would authorize steps necessary to acquire interests in property to construct a shared-use path between South Reed Court and Pierce St.

BACKGROUND INFORMATION: The City of Lakewood has budgeted funds to construct an 8-foot-wide sidewalk off the extended alignment of Center Ave between South Reed Court and South Pierce Street. The project will make a connection that will allow safer and more direct pedestrian and bike travel between Center Avenue and Pierce Street.

This ordinance declares the city's intent to acquire property interests necessary for the project and initiates the negotiation process between the City and the property owners for necessary property rights. It also authorizes acceptance of conveyance instruments and, if needed, condemnation of property interests. However, condemnation would not occur prior to additional City Council approval by resolution.

A map is attached that conceptually illustrates the property rights that are anticipated to be needed. A permanent easement is required from three properties between South Reed Court and Pierce Street and three temporary easements are required, along the northern edge of 658 South Reed Court and the southern edges of 550 S Reed Street and 555 South Pierce Street. The easements are required for improved pedestrian access through the installation of a new shared-use path. It is anticipated that temporary easements for the construction period, illustrated in green on the maps, will be required from three properties. The temporary easements are required to perform re-grading, minor wall construction, tree or shrub removal, and landscape restoration to blend the area behind the new sidewalk into the surrounding site features and yards.

BUDGETARY IMPACTS: The funding for this project was approved in the 2024 budget. No additional funding is necessary. This project is funded by the TABOR fund.

STAFF RECOMMENDATIONS: Approval of the ordinance.

ALTERNATIVES: If this Ordinance is not approved, the City will not obtain the property rights needed to construct the proposed shared-use path. The sidewalk connection between S Reed Court and S Pierce Street will not be completed.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council. Additionally, City staff contacted the affected property owners to present the initiation of the design phase of this project. Notification of City Council's consideration of this ordinance has been mailed to each property owner. The notification includes clear language that there could be no discussion of land value at the City Council hearing about this ordinance because this is the very start of the acquisition process and no land values have yet been determined.

NEXT STEPS: Begin the acquisition process and complete preparation of construction bid documents.

The City Attorney shall additionally be authorized to employ such expert witnesses, including appraisers, as the City Attorney determines

necessary for the purposes of the condemnation authorized by this Ordinance and the aforesaid resolution, and the City's Chief Financial Officer is directed to pay the costs and expenses of employing such expert witnesses and appraisers.

If any provision of this Ordinance should be found by a court of competent jurisdiction to be invalid, such invalidity shall not affect the remaining portions or applications of this Ordinance that can be given effect without the invalid portion, provided such remaining portions or application of the Ordinance are not determined by the court to be inoperable.

SECTION 10. This Ordinance shall take effect thirty (30) days after final publication.

I hereby attest and certify that within and foregoing Ordinance was introduced and read on first reading at a hybrid regular meeting of the Lakewood City Council on the 13th day of May, 2024; published by title in the Denver Post and in full on the City of Lakewood's website, www.lakewood.org, on the 16th day of May, 2024; set for public hearing to be held on the 10th day of June, 2024; read, finally passed and adopted by the City Council on the 10th day of June, 2024; and signed by the Mayor on the ____ day of June, 2024.

PUBLIC COMMENT ON CONSENT AGENDA

Catherine Stone · Apr 8, 2024 · 2:30pm

How can citizens get an issue put on the agenda? There are quite a few of us who would like to express our opinions on the 800,000 sq ft multifamily project slated to be built along the perimeter of Belmar Park. There are many of us who believe that the disadvantages posed by a project like this would far outweigh any advantages. We formed a nonprofit called Save Belmar Park, and we would like our voices to be heard. How can we get on the agenda? Thank you, Catherine Stone

ITEM 13 – GENERAL PUBLIC COMMENT

Many of you may have heard of the killing of seven international aid workers from the World Central Kitchen driving on a pre approved route by the IDF. Their clearly marked convoy which shared its full GPS coordinates was "systematically targeted car by car" in three separate air strikes, according to José Andrés is the Founder of World Central Kitchen. This was an organization that provided food to both people in Israel and in Gaza and they have provided food to millions of other people in conflict zones throughout the world. Yet they were intentionally targeted making the total number of humanitarian Aid workers killed by Israel in the last 6 months over 200 a world record for any conflict in history. Israel has set many other world records including the fastest killing of children in history the highest percentage of civilian deaths of any war in history and the largest number of journalists and UN staff killed in history. This comes after the Israeli massacres Al Shifa and Al Nasser hospital in which hundreds of civilians patients and doctors were killed. And pregnant women were reportedly raped as their families were forced to watch. In the last six months Israel has killed more than 15,000 Palestinian children. And children death make up a horrific 44% of the total casualties by the Israeli military. At the same time Israel bombed the Iranian consulate in Syria killing government officials and risking a third world war. I remind you that all of these horrific actions are committed using american-made weapons and our cities tax dollars and are citizens 9 to 5 labor that they endured to feed their families is directly contributing to the death of women children and innocent families in Gaza. Has City Council Members you may believe that you have no influence over foreign policy and while that may be true to some degree your voices as government officials are powerful. I'm begging of you to use your voice as to speak up against this horrific genocide being committed by Israel and the Biden administration. Massacring women and children is neither a Democratic or a Jewish value. We stand with many Jewish organizations against this war such as the Jewish voice for peace, never again is now, and Jews for ceasefire. As well as many Arab American organizations such as the Arab Defense League and CAIR. We also stand with many women's rights organizations such as Code Pink.

We also stand with Christian organizations that are against this horrific war and note that the oldest Christian Community in the world in Bethlehem has been systematically targeted and many Christians have also been killed. What do you call a war that kills 95% civilians doctors journalists and aid workers if not a genocide. This is a defining moment in our history what will you tell your children you said what will you tell your children you did to try to stop it if we as individuals can stand up and fight for 6 months straight then you as government officials can use your voices to make one statement condemning the sending of US weapons to kill children in Gaza.

After reviewing the Lakewood Reinvestment Authority webpage, it is clear as to why Lakewood is an economic failure. The focus of LRA is a foreclosed mall (err, sorry, Downtown). A place, where there is less and less or reason to go to (except maybe for the library, which is a county-provided service) and a Target (which most can do without). You have not even bothered to support a true home-grown company (such as Icelantic Skis, for instance - they moved to Golden, an area with higher housing cost, but a lot more economic potential). In the past so many of us had urged the council (and some city staff) to stoke true economic development - bring AWS offices near the Federal Center, see if CU, School of Mines and Lockheed would be interested in partnering up on a high-tech campus in Rooney Valley. But, now it makes sense why Lakewood could not pull that off - the leadership is a lot more interested in a shopping mall (sorry, Downtown). Shows a true lack of vision and ability to do better. At the same time, thousands of people sit without power, because Lakewood (and Xcel) have failed to invest in resilient infrastructure. While thousands of people drive out of Lakewood for their jobs, which could've have been located just a bike ride away. That's another thing Lakewood has failed at - in the last decade hardly any improvements have been made to the biking infrastructure either. As I have commented in the past - you have sent a clear message to companies some of which would have been a true benefit for this region and that message is "don't come here." Ok, enough of talking about what actual city leaders should be working on; back to shoving through a metro district reform or another giant rental apartment building to squeeze more money from those already barely getting by. Also, don't forget to enable another anti-semitic or two under the guise "free speech." It's a progressive thing to do.

Dear Lakewood City Council, Throughout the past two weekends we've encountered migrants walking between stopped vehicles at high throughput intersections in residential areas squeegee washing at Mississippi and Wadsworth & selling candy at Kipling and Florida. As a cyclist, pedestrian, and driver this new development is extremely distracting, a danger on the roadway, and a violation of Ord. O-97-74 § 1, 1997 blocking the roadway and selling to vehicles. We are especially concerned for our elderly drivers and this new road hazard. As a local resident and patron of Lakewood businesses, I don't want to start avoiding areas just to avoid these encounters, similarly to avoiding intersections on Colfax Ave. We're all hard working, following laws, and surviving as taxpayers (including recent property tax increases). Lakewood City Council voted to help Denver with their influx and route migrants to Denver resources, I now call on you to help your constituents reestablish a clean and safe residential space in Lakewood. Yes, Lakewood Police were contacted, but City Council has voted on this matter and in turn has a responsibility to its constituents and routing migrants to Denver resources as reported by Council. 2) On behalf of cyclists, pedestrians, and drivers we'd like to thank Lakewood PD for stopping/ticketing drivers with no license plates, registration, and/or insurance. This enforcement and commitment to roadway safety has it's risks, but it's also creating a safer Lakewood.

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 15

To: Mayor and City Council
From: Max Kirschbaum, Director of Public Works
Subject: **PROPERTY ACQUISITION AT 8TH AND SIMMS**

SUMMARY STATEMENT: This ordinance would authorize steps necessary to acquire interests in property to replace the traffic signals and to enhance curb ramps for the Eighth Avenue and Simms Street Traffic Signal Replacement Project.

BACKGROUND INFORMATION: The City of Lakewood has budgeted funds to improve the intersection of West Eighth Avenue and Simms Street. The project will replace the traffic signal and will improve pedestrian facilities at the intersection per current standards (including ADA).

This ordinance declares the city's intent to acquire property interests necessary for the project and initiates the negotiation process between the City and the property owners for necessary property rights. It also authorizes acceptance of conveyance instruments and, if needed, condemnation of property interests. However, condemnation would not occur prior to additional City Council approval by resolution.

A map is attached that conceptually illustrates the property rights that are needed. Two corners require permanent easements, and one corner requires a fee simple acquisition. The easements and fee simple acquisitions are necessary to install the new signal poles and to properly improve pedestrian access to meet ADA Standards. It is anticipated that temporary easements for the construction period, illustrated in green on the maps, will also be required from four properties. The temporary easements are required to perform re-grading, minor wall construction, tree or shrub removal, and landscape restoration to blend the project area into the surrounding site features.

BUDGETARY IMPACTS: This project is approved in the 2024 City Budget and is shown on page 5 of the 2024 Capital Improvement and Preservation Plan (CIPP). This project is funded by TABOR Funds.

STAFF RECOMMENDATIONS: Approval of the ordinance.

ALTERNATIVES: If this Ordinance is not approved, the traffic signal replacement will not be feasible and the following existing conditions will remain: (1) The traffic signal will continue to provide poor views of the signal heads; (2) Pedestrian access to push buttons will continue to be deficient and (3) The curb ramps will remain as is and will not be improved to meet current City and ADA Standards.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

City staff has contacted the affected property owners seeking to discuss the project. Notification of City Council's consideration of this ordinance has been mailed to each property owner. The notification includes clear language that there could be no discussion of property value at the City Council hearing about this ordinance because this is the very start of the acquisition process and no property values have yet been

determined.

NEXT STEPS: Begin the acquisition process and complete preparation of construction bid documents.

STAFF MEMO

DATE OF MEETING: MAY 13, 2024 / AGENDA ITEM NO. 16

To: Mayor and City Council
From: Travis Parker, Director of Planning
Subject: **UTILITY CONVEYANCE**

SUMMARY STATEMENT: The City of Lakewood has been working with Xcel Energy to be a site host location for two electric vehicle DC fast charging stations at the Civic Center. Xcel Energy would install, own, operate, and maintain the charging stations for up to ten years at no cost to the City. The project requires the conveyance of two easements on City-owned property to Xcel Energy so they can install the required equipment and infrastructure.

BACKGROUND INFORMATION: The City of Lakewood's ("City") Sustainability Plan includes goals to transition to renewable energy sources and reduce greenhouse gas emissions. In an effort to further its Sustainability Plan goals, the City applied for and was accepted by Xcel Energy to be a site location for two (2) electric vehicle dual port DC fast charging stations at the Civic Center.

The City and Xcel Energy agreed to the terms and conditions of a Site Host DC Fast Charging Agreement. Under terms of the program agreement, Xcel Energy will install, own, operate, and maintain the fast-charging stations for a period of ten years at no cost to the City. After the ten-year term, the City may decide to extend the agreement for up to five years, to accept the transfer of the infrastructure ownership to the City, or to have the infrastructure removed by Xcel Energy at the City's expense.

The project requires conveyance of two utility easements on City owned property to Xcel Energy so they can install the required equipment and infrastructure, including an electrical transformer, EV charging stations, and connecting electrical supply infrastructure.

The attached Ordinance authorizes the City to convey the required easements to Xcel Energy and for the City Manager to execute an Easement Agreement with Xcel Energy.

BUDGETARY IMPACTS: No budget impacts are anticipated with approval of this easement conveyance.

STAFF RECOMMENDATIONS: Staff recommends that City Council review and approve Ordinance O-2024-10.

ALTERNATIVES: The City Council may elect not to approve the easement conveyance, though this would likely result in the termination of the DC Fast Charging Site Host agreement with Xcel Energy.

PUBLIC OUTREACH: This item has been promoted through the regular communication channels to be considered by the Lakewood City Council.

NEXT STEPS: If the Ordinance is passed, staff will work with the City Manager's Office and Xcel Energy to execute the easement agreement and record the easement conveyance with Jefferson County.

XCEL ENERGY DC FAST CHARGING SITE HOST AGREEMENT

THIS XCEL ENERGY DC FAST CHARGING SITE HOST AGREEMENT (the "Agreement"), is made on the date last executed ("Effective Date") by and between PUBLIC SERVICE COMPANY OF COLORADO, a Colorado corporation, doing business as Xcel Energy ("Xcel Energy"), 1800 Larimer Street, Denver, Colorado 80202, and CITY OF LAKEWOOD, a Colorado home rule municipal corporation ("Site Host") having an address of 480 South Allison Parkway, Lakewood, Colorado 80226. Site Host and Xcel Energy may be referred to herein individually as a "Party" or collectively as the "Parties."

The Parties, each in consideration of the promises of the other in this Agreement, agree as follows:

1. Definitions

- "Applicable Laws" means all applicable federal and state laws, codes, ordinances, rules, regulations, judgments, decrees, directives, guidelines, policy requirements, and orders of any governmental entity having jurisdiction over the electric vehicle ("Electric Vehicle" or "EV") the Program, the services set forth in this Agreement, the practices involved in the services set forth in this Agreement, or any work Xcel Energy or Site Host performs relating to this Agreement.
- "Dispute" means a disagreement between Xcel Energy and Site Host that arises under, or that relates to, this Agreement.
- "EV Driver" means an individual who uses the Charging Equipment at the Site Host Location to charge an Electric Vehicle.
- "EV Supply Infrastructure" means service panels, conduit, and wiring from the service connection to the charger stub. EV Supply Infrastructure also includes the line extension necessary to connect Xcel Energy's distribution system to the service connection and does not include the Charging Equipment.
- "EV Supply Infrastructure Costs" means the total costs and expenditures incurred by Xcel Energy to procure, design, construct, and install the EV Supply Infrastructure at the Site Host Location, including but not limited to costs of labor, labor loading, materials, transportation, overhead, indirect allocated costs, any allowance for funds used during construction ("AFUDC"), and any other capital related expenditures, which costs and expenditures shall not exceed \$600,000.
- "Expiration" means the end of the Term, or any subsequent Term, that is not a Termination as herein defined.
- "Facilities" means any privately, publicly, or cooperatively owned line, system, and/or other utility item that produces, transmits, or distributes communications, power, cable, television, electricity, light, heat, gas, oil, crude products, water, steam, waste, storm water not connected with highway drainage, signal systems, and other products or services that serve the public, and/or a privately-owned irrigation system. Any necessary appurtenances to each Facility are considered a part of the Facility.
- "In-Service Date" means the date that EV Supply Infrastructure and Xcel Energy Owned Charging Equipment at the Site Host Location has been installed, connected, tested, and is ready to use

by EV Drivers. Following the installation and testing of the EV Supply Infrastructure, and Xcel Energy Owned Charging Equipment at the Site Host Location, the Parties will mutually agree upon and document the In-Service Date applicable to the Site Host Location.

- “Infrastructure Buyout Amount” means an amount equal to the EV Supply Infrastructure Costs reduced by ten percent (10%) for each full calendar year between the In-Service Date and the date of termination of this Agreement. By way of example only, if this Agreement is terminated eighteen (18) months after the In-Service Date, and Site Host is required to pay the Infrastructure Buyout Amount in accordance with Section 5 of this Agreement, the Infrastructure Buyout Amount payable by Site Host would be equal to ninety percent (90%) of the EV Supply Infrastructure Costs. In the event the Agreement is Terminated by Site Host under Section 5.1 or terminated by Xcel Energy for Site Host’s breach under Section 5.2.3 prior to the In-Service Date, the Infrastructure Buyout Amount shall equal the EV Supply Infrastructure Costs.

Site Host shall acquire no right, title, or interest in any portion of the work performed by Xcel Energy or Xcel Energy's equipment, EV Supply Infrastructure, Xcel Energy Owned Charging Equipment, or Facilities unless transferred to Site Host under the provisions in Section 5. The work constructed and installed by Xcel Energy shall be and remain the personal property of Xcel Energy, shall not be considered a fixture of the property, shall not attach to the realty, and shall not be alienable or lienable by Site Host or any third party for the Term. Site Host shall not allow lien claims, third-party interest, or any encumbrances to be placed on the work, EV Supply Infrastructure, and/or Xcel Energy Owned Charging Equipment. Xcel Energy shall not permit any mechanics' or other liens to be placed on Site Host Location during the Term caused by or resulting from any work performed, materials, or supplies furnished by or at the request of Xcel Energy or its contractors.
- 4.5 Xcel Energy shall own, operate, and maintain, at its own expense, the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment at the Site Host Location for the Term, unless Terminated earlier as provided herein. Xcel Energy may engage one or more third-party contractors to complete its obligations under this Agreement. Xcel Energy shall not knowingly award contracts to contractors who have been or are suspended or debarred by the State of Colorado or the United States. Xcel Energy shall be responsible for supervising any third-party contractor it chooses to retain.
- 4.6 After installation of, and while Xcel Energy owns, the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment, Xcel Energy shall conduct emergency repairs on the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment on an as needed basis in accordance with the following:
- 4.6.1 Requests for emergency repairs can be made by Site Host or Xcel Energy staff.
 - 4.6.2 Site Host's requests for repair shall be made via telephone, email, or text message to an agreed-upon third party or representative at Xcel Energy.
 - 4.6.3 All emergency repairs shall be completed by qualified technicians selected by Xcel Energy.
 - 4.6.4 Emergency repair service calls shall begin with inspection of malfunctioning EV Supply Infrastructure or Xcel Energy Owned Charging Equipment, as applicable, a diagnosis of the potential issue, and an expected time required for repair.
 - 4.6.5 Xcel Energy shall use commercially reasonable efforts to repair the EV Supply Infrastructure or Xcel Energy Owned Charging Equipment, as applicable, in a timely manner.
- 4.7 After installation of, and while Xcel Energy owns the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment, Xcel Energy may inspect the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment at the Site Host Location for general wear or malfunction on a periodic basis as determined by Xcel Energy.

- 4.8 Xcel Energy shall be responsible for the cost of purchasing and installing the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment. Xcel Energy shall also be responsible for all costs that Xcel Energy, in its sole discretion, deems reasonably required for operating and maintaining the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment. All payments for this EV Supply Infrastructure and Xcel Energy Owned Charging Equipment will be made directly by Xcel Energy to the third-party contractor retained to complete the work, and Xcel Energy will have no financial obligation for any payments to Site Host.
- 4.9 In the case of total equipment failure of all or a portion of the EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment that is caused by Xcel Energy, or its employees, agents, or contractors, and not covered by a manufacturer's warranty, Xcel Energy may either replace the necessary equipment at Xcel Energy's expense or Terminate this Agreement pursuant to Section 5.1.
- 4.10 Xcel Energy may charge EV Drivers for the use of the Xcel Energy Owned Charging Equipment and will determine, in its sole discretion, the rates charged to EV Drivers per Colorado Public Utility Commission (the "Commission") Docket 21AL-0494E. Xcel Energy will process all payments and collect all revenues from charging that occurs at Xcel Energy Owned Charging Equipment. Site Host shall not be entitled to any payment or revenues generated from the use of the Xcel Energy Owned Charging Equipment.
- 4.11 Xcel Energy will pay for the power consumed by the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment.

5. Term and Termination

- 5.1 This Agreement shall be effective upon the Effective Date. The Term shall be from the Effective Date until ten (10) years following the In-Service Date. Subject to Section 5.3, either Party may Terminate this Agreement for any reason or no reason, without cause, at any time by providing the other Party sixty (60) calendar days prior written notice; provided, however, prior to Site Host terminating this Agreement pursuant to this Section 5.1, Site Host shall first obtain an appropriation or a supplemental appropriation, as the case may be, for the fund necessary to pay the Infrastructure Buyout Amount required under Section 5.3 of this Agreement and provide evidence to Xcel Energy of such appropriation. In the event, however, Site Host has funds budgeted and available for payment of the Infrastructure Buyout Amount, Site Host shall have no obligation to pursue an appropriation before termination and payment of any Infrastructure Buyout Amount due. If Xcel Energy Terminates this Agreement pursuant to this Section 5.1 for a reason other than Site Host's material breach of Site Host's obligations under the Agreement, Xcel Energy shall transfer title of the EV Supply Infrastructure to Site Host without any payment from Site Host, including the Infrastructure Buyout Amount, and the EV Supply Infrastructure will be deemed abandoned in place in "AS IS" condition, without any warranty (express or implied) by Xcel Energy. Upon such Termination, Xcel Energy Owned Charging Equipment will be removed by Xcel Energy at its own expense.

- 5.2 Either Party may Terminate this Agreement if the other Party materially breaches any of its obligations under this Agreement, in accordance with the following:
- 5.2.1. Prior to Termination pursuant to this Section 5.2, the Party seeking the Termination shall give the other Party written notice of the breach and of the Party's intent to Terminate. If the breaching Party has not entirely cured the breach within thirty (30) days of the notice (or if the breach is not one that can be reasonably cured within thirty (30) days and if the breaching Party is not working diligently to cure such breach), then the Party giving the notice may Terminate this Agreement without reference to Section 5.1 at any time thereafter by giving a written notice of Termination.
 - 5.2.2. If Site Host Terminates pursuant to this Section 5.2 for Xcel Energy's material breach of this Agreement, as Site Host's sole and exclusive remedy, Xcel Energy shall transfer title of the EV Supply Infrastructure to Site Host, without any payment from Site Host, including the Infrastructure Buyout Amount set forth in Section 5.3, and the EV Supply Infrastructure will be deemed abandoned in place in "AS IS" condition, without any warranty (express or implied) by Xcel Energy.
 - 5.2.3. If Xcel Energy Terminates pursuant to this Section 5.2 for Site Host's material breach of this Agreement, Site Host shall pay the Infrastructure Buyout Amount, subject to Section 8, and when such fee is paid, Xcel Energy shall transfer title of all EV Supply Infrastructure to Site Host on an "AS IS" basis, without any warranty (express or implied).
 - 5.2.4. A Party Terminating this Agreement pursuant to this Section 5.2 does not waive its rights to any remedy at law or in equity for a material breach of this Agreement.
- 5.3 Should (a) Site Host Terminate this Agreement for any reason other than pursuant to the provisions of Section 5.2.2 for Xcel Energy's material breach of its obligations hereunder, or (b) Xcel Energy Terminates this Agreement pursuant to the provisions of Section 5.2.3 for Site Host's material breach of its obligations hereunder, Site Host will be charged, and Site Host will pay to Xcel Energy, the Infrastructure Buyout Amount. The Infrastructure Buyout Amount, if applicable, will be due and payable by Site Host thirty (30) days following the Termination of this Agreement in accordance with this Section 5.3. Upon payment of the Infrastructure Buyout Amount, Xcel Energy will transfer title of the EV Supply Infrastructure to Site Host on an "AS IS" basis, without any warranty (express or implied).
- 5.4 At least one hundred and eighty (180) calendar days prior to Expiration, the Parties shall endeavor to negotiate a mutually agreeable plan for the EV Supply Infrastructure and Xcel Energy Owned Charging Equipment that will commence at Expiration, which may include but will not be limited to the following:
- 5.4.1 Extension of the Term for a mutually agreed period of time with the default extension option being 5 years;

- 5.4.2 Upon Expiration, Xcel Energy transfers the title to the EV Supply Infrastructure to Site Host in "AS IS" condition, without any warranties (express or implied) by Xcel Energy; or
- 5.4.3 Upon Expiration, Xcel Energy removes, at Site Host's expense, the portion of the EV Supply Infrastructure that is above ground, restoring the Site Host Location to original conditions or any other conditions agreed upon by the Parties, and Xcel Energy shall transfer title of the remaining portion of the EV Supply Infrastructure that is not above ground to Site Host, without any payment from Site Host, and the Remaining EV Supply Infrastructure will be deemed abandoned in place in "AS IS" condition, without any warranty (express or implied) by Xcel Energy.
- 5.5 If, at Expiration, the Parties have not come to a mutual agreement pursuant to Section 5.4 above, this Agreement shall continue until the Parties are able to come to a mutual agreement or until a Party unilaterally Terminates this Agreement pursuant to Section 5.1.
- 5.6 Upon either Termination or Expiration, Xcel Energy will remove any Xcel Energy Owned Charging Equipment from the Site Host Location at no cost to Site Host.
- 5.7 Upon either Termination or Expiration, to the extent Site Host takes ownership of the EV Supply Infrastructure, Site Host assumes the responsibility of maintaining the EV Supply Infrastructure, and in order to continue receiving electric service, Site Host must take electric service pursuant to a tariff for which the Site Host is then eligible.

6. Warranties and Limitation of Liability

- 6.1 Site Host represents and warrants that: (i) the execution, delivery, and performance of this Agreement has been duly authorized by all requisite action on the part of Site Host, and Site Host has full power and authority to grant the rights and licenses granted by this Agreement to Xcel Energy; (ii) this Agreement constitutes the legal, valid, and binding obligation of Site Host; (iii) Site Host is and will remain duly licensed, authorized or qualified to do business, and in good standing; and (iv) Site Host is and will remain in compliance with all Applicable Laws applicable to Site Host in connection with performance under this Agreement.
- 6.2 Xcel Energy, itself or through its contractor(s), shall perform the installation of the EV Supply Infrastructure and the Xcel Energy Owned Charging Equipment, as applicable, in a safe and professional manner in accordance with all Applicable Laws. **EXCEPT AS EXPRESSLY SET FORTH IN THIS SECTION 6.2, XCEL ENERGY MAKES OR PROVIDES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY AGAINST INFRINGEMENT, WITH RESPECT TO THE WORK TO BE PERFORMED, SERVICES TO BE PROVIDED, OR EV SUPPLY INFRASTRUCTURE OR XCEL ENERGY OWNED CHARGING EQUIPMENT TO BE DELIVERED UNDER THIS AGREEMENT. IN THE EVENT TITLE TO EV SUPPLY INFRASTRUCTURE OR XCEL ENERGY OWNED CHARGING EQUIPMENT IS TRANSFERRED TO SITE HOST IN ACCORDANCE WITH THE TERMS OF THIS AGREEMENT, THE EV SUPPLY INFRASTRUCTURE AND XCEL ENERGY OWNED CHARGING EQUIPMENT IS PROVIDED "AS IS" AND WITH NO WARRANTY OF ANY KIND. XCEL ENERGY**

DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

- 6.3 **IN NO EVENT, WHETHER BASED ON CONTRACT, INDEMNITY, WARRANTY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, SHALL XCEL ENERGY BE LIABLE TO SITE HOST AND ITS AGENTS, CONTRACTORS AND EMPLOYEES, FOR SPECIAL, INDIRECT, EXEMPLARY, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES WHATSOEVER INCLUDING, WITHOUT LIMITATION, LOSS OF PROFITS OR REVENUE.**
- 6.4 Subject to the limitations contained in this Agreement, each Party agrees that it will be responsible for its own acts and the results thereof to the extent authorized by Applicable Laws and shall not be responsible for the acts of the other Party and the results thereof.
- 6.5 In no event will Xcel Energy be liable to Site Host for any claims, expenses, losses, damages, or lawsuits arising out of any interruptions or disturbances in electric service. Except as described in this section, Xcel Energy's liability on any claim of any kind for any loss or damage arising out of or in connection with or resulting from this Agreement, or from performance or breach thereof, shall in no case exceed the total dollar amount for the specific work giving rise to the claim.

7. General Terms

- 7.1 *No Third-Party Beneficiary.* This Agreement is between the Parties and creates no third-party beneficiaries. Nothing in this Agreement gives or shall be construed to give or provide any benefit, direct, indirect, or otherwise, to third parties unless third persons are expressly described as intended to be beneficiaries of its terms.
- 7.2 *Assignment Prohibited.* Site Host shall not assign this Agreement, or any part thereof, nor delegate in whole or in part, its responsibilities hereunder, without the prior written consent of Xcel Energy. Unless otherwise agreed to in writing by Xcel Energy, no assignment will release or discharge Site Host from any obligations under this Agreement. Any prohibited assignment or delegation shall be null and void.
- 7.3 *Legal Compliance.* The Parties shall comply with all Applicable Laws. Each Party shall monitor its agents, contractors, and employees for the purposes of ensuring compliance with all Applicable Laws. If any change in circumstances or law will affect a Party's performance under this Agreement, that Party shall notify the other Party of the change in circumstances or law at the earliest reasonable opportunity, and the Parties will negotiate in good faith to modify this Agreement to take into account the changed circumstance or law.
- 7.4 *Governmental Immunity.* No term or condition of this Agreement shall be construed or interpreted as a waiver, either express or implied, by Site Host of any of the immunities, rights, benefits, protections or other provisions of the Colorado Governmental Immunity Act, C.R.S. §§ 24-10-101, *et seq.*
- 7.5 *Dispute Resolution.* In the event of any Dispute arising out of or relating to this Agreement, the complaining Party shall provide written notice of the Dispute to the

other Party. The Dispute notice shall describe the facts surrounding the Dispute in sufficient detail to apprise the other Party of the nature of the Dispute.

Xcel Energy and Site Host shall attempt in good faith to settle all Disputes through the negotiation process set forth in this Section. To this effect, unless otherwise agreed, Xcel Energy and Site Host shall conduct at least one face-to-face meeting between the designated representatives from both Parties in an attempt to reach a solution that is satisfactory to both Xcel Energy and Site Host. Such a meeting shall take place within seven (7) calendar days following delivery of a Dispute notice. If that meeting does not resolve the Dispute, Xcel Energy and Site Host shall have executive level leadership from both Parties meet and attempt to resolve the Dispute.

If Xcel Energy and Site Host fail to resolve a Dispute in accordance with this Section, either Party may, subject to Section 7.5, proceed to a court of competent jurisdiction and may, subject to any limitation set forth herein, pursue any remedies available to it at law or in equity.

- 7.6 *Applicable Law and Venue.* This Agreement shall be interpreted in accordance with the laws of the State of Colorado. Venue for all legal proceedings arising out of or relating to this Agreement or breach thereof shall be in the state or federal court with competent jurisdiction in Denver County, Colorado.
- 7.7 *Non-Waiver.* The failure of either Party at any time to insist upon the strict performance of any or all of the terms, conditions, and covenants in this Agreement shall not be deemed a waiver by that Party of any subsequent breach or default in the said terms, conditions, or covenants by the other Party.
- 7.8 *Complete Agreement.* This Agreement constitutes the complete and exclusive understanding of the Parties concerning its subject matter. This Agreement supersedes all prior agreements, representations, understandings, and communications, written or oral, between the Parties as to the subject matter of this Agreement.
- 7.9 *Amendments.* The terms of this Agreement may be changed, amended or modified only by mutual signed agreement of the Parties.
- 7.10 *Consent to Disclose.* Site Host consents to Xcel Energy's disclosure of the existence, terms, and status of this Agreement consistent with Commission data privacy requirements. Site Host further acknowledges that pursuant to Section 3.7 of this Agreement, Xcel Energy may disclose any information and documents Site Host provides to Xcel Energy pursuant to this Agreement. Site Host also consents to Xcel Energy's disclosure of any information concerning the EV Supply Infrastructure and related services provided to Site Host that Xcel Energy has in its possession, including "Site Host data" as defined by Commission rules, to address Xcel Energy's reporting requirements in Commission proceedings, including without limitation those established in Proceeding No. 20A-0204E. To the extent the Commission requires any additional written consent from Site Host for disclosure of such information, Site Host agrees to cooperate with any such request by Xcel Energy. Without limiting the foregoing, by signing this Agreement and participating in the Program, the Site Host consents and authorizes Xcel Energy to provide the Site Host's information related to this Agreement or the Program to third

parties, including but not limited to the Colorado Energy Office and the Regional Air Quality Council, for the purpose of administering the Program, coordinating with other third parties offering EV programs and ensuring that the Program participants are not receiving funding multiple times for the same equipment and/or costs.

- 7.11 *Public Document.* Company hereby acknowledges that Site Host is a public entity subject to the Colorado Open Records Act, C.R.S. § 24-72-201, *et seq.*, and as such, this Agreement may be subject to public disclosure thereunder.
- 7.12 *Property of Xcel Energy.* All reports, drawings, plans, specifications, calculations, studies, software programs, tapes, models, and memoranda, if any, assembled or prepared by Xcel Energy or Xcel Energy's affiliates, independent professional associates, agents, consultants, contractors, or subcontractors pursuant to this Agreement are instruments of service in respect of this Agreement, and Xcel Energy shall retain all ownership and property interest therein. Site Host may make and retain copies for information and reference in connection with the Program, provided, however, that it is understood and agreed that such documents are not intended to be re-used by Site Host or others on extensions of the Program or on any other project or for any other purpose other than as expressly set forth in this Agreement, and Site Host shall not re-use or disclose to any third party all or any portion of such work product without the express prior written consent of Xcel Energy, which consent shall not be unreasonably withheld.
- 7.13 *Independent Contractor Relationship.* The Parties are independent contractors. Nothing in this Agreement or in the activities contemplated by the Parties hereunder shall be deemed to create an agency, partnership, employment, or joint venture relationship between the Parties or any of their representatives. Neither Party is an agent of the other nor has the authority to represent the other as to any matters. Site Host is responsible for the safety of its respective agents, employees, and other representatives. Xcel Energy in no way assumes any of the duties, obligations, or liabilities attributed to Site Host under this Agreement.
- 7.14 *Survival.* Those provisions of this Agreement which would require that they survive Termination or Expiration in whole or part in order to give them full force and effect will survive the Termination or Expiration, regardless of the date, cause, or manner of the Termination or Expiration. Xcel Energy's right to retain any Data collected in connection with the Program shall survive Termination or Expiration. In addition, all rights of action arising from or related to this Agreement that accrue during the Term, and any remedies for such claims, both legal and equitable, will survive such Termination or Expiration.
- 7.15 *Branding and Consumer Education.* The Parties agree to discuss opportunities for Xcel Energy branding, Consumer outreach and education efforts related to the benefits of electric vehicles, and implementation of renewable energy in connection with the Program.
- 7.16 *Taxes on Sale of EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment.* If Xcel Energy sells the EV Supply Infrastructure to Site Host for an amount equal to the Infrastructure Buyout Amount for such EV Supply Infrastructure and/or Xcel

Energy Owned Charging Equipment and Site Host purchases the same, then Xcel Energy will deliver to Site Host a Bill of Sale with a purchase price equal to the Infrastructure Buyout Amount for such EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment. Site Host further agrees that, in accordance with federal and state laws in effect at the time of the sale of the EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment from Xcel Energy to Site Host: (i) Site Host shall be responsible for and shall pay transfer taxes, either directly to a taxing authority or to Xcel Energy, as required by law, related to the Infrastructure Buyout Amount as stated on the Bill of Sale; and (ii) Xcel Energy agrees to complete a Form W-9 "Request for Taxpayer Identification Number and Certification" in the event of such sale.

- 7.17 **Notice.** Any notice required or permitted by this Agreement shall be deemed given (i) when delivered by hand, (ii) on the next Working Day after being sent by a reputable overnight courier service for next Working Day delivery, or (iii) on the third Working Day after being sent by prepaid United States mail, return receipt requested, in each case to the Party at the address specified as follows:

Site Host: Planning Department
 Director
 470 S. Allison Parkway
 Lakewood, CO 80226

Xcel Energy:

evapplications@xcelenergy.com

Either Party may change its address for notice purposes by giving the other Party prior written notice of the new address and the date upon which the change will be effective.

- 7.18 **Electronic Signature and Electronic Records.** Both Parties consent to the use of electronic signatures. This Agreement and any other documents requiring signature hereunder may be signed electronically by either Party. The Parties agree not to deny the legal effect or enforceability of this Agreement solely because it is in electronic form or because an electronic record was used in its formation. The Parties agree not to object to the admissibility of this Agreement in the form of an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the ground that it is an electronic record or electronic signature or that it is not in its original form or is not an original.
- 7.19 **Sale of EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment.** If Xcel Energy sells the EV Supply Infrastructure and/or the Xcel Energy Owned Charging

Equipment to Site Host for an amount equal to the Infrastructure Buyout Amount and/or Xcel Energy Owned Charging Equipment Buyout Amount for such EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment and Site Host purchases the same, then Xcel Energy will deliver to Site Host a Bill of Sale with a purchase price equal to the Infrastructure Buyout Amount and/or Xcel Energy Owned Charging Equipment Buyout Amount for such EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment. Site Host further agrees that, in accordance with federal and state laws in effect at the time of the sale of the EV Supply Infrastructure and/or Xcel Energy Owned Charging Equipment from Xcel Energy to Site Host: (i) Site Host shall be responsible for and shall pay transfer taxes, either directly to a taxing authority or to Xcel Energy, as required by law, related to the Infrastructure Buyout Amount and/or Xcel Energy Owned Charging Equipment Buyout Amount as stated on the Bill of Sale; and (ii) Xcel Energy agrees to complete a Form W-9 "Request for Taxpayer Identification Number and Certification" in the event of such sale. Notwithstanding any other term or condition of this Agreement, Site Host is not liable for the payment of interest, taxes, late charges, or penalties of any nature, except for any additional amounts that the Site Host may be required to pay under Applicable Laws. Xcel Energy agrees to accept a properly completed and valid exemption certificate(s) for any taxes that may otherwise be due upon the sale. Site Host remains liable for taxes on the sale unless and until such properly completed and valid documentation has been provided to Xcel Energy and remains liable for interest, penalties and late charges relating to any taxes when such additional charges are caused by Site Host's failure to provide exemption documentation or prompt payment of any taxes actually due.

8. Appropriation.

- 8.1 *Subject to Annual Appropriation.* Consistent with Article X, Section 20 of the Colorado Constitution, any financial obligation of the Site Host not performed during the current fiscal year is subject to annual appropriation, and thus any obligations of the Site Host hereunder shall extend only to monies currently appropriated and shall not constitute a mandatory charge requirement, debt or liability beyond the current fiscal year. Notwithstanding anything to the contrary, it is the intent of the Parties that if the Customer is obligated to pay the Infrastructure Buyout Amount, that such obligation is not a charge requirement, debt or liability beyond the current fiscal year. If, and to the extent money is due and owing by Site Host in any given fiscal year, the Site Host shall include the amount due and owing in an appropriation request as provided in Section 5.1.

IN WITNESS WHEREOF, each of the undersigned is duly authorized and directed to sign this Agreement.

Briefly describe the minor modification being requested	Set up a meeting with representatives of NREL. The purpose being so that they can educate us on projects that they are working on, timetables, future advances, etc. From energy storage (batteries), solar energy, fuel cells, plastic pollution, biofuels, energy efficiency of buildings, conversion of renewables into energy, wind and water energy.
---	---

Provide history / background information that supports the request	The National Renewable Energy Lab sits on Lakewood's doorstep. Seems a waste that we treat it like an ivory tower, and there's zero communication between them and Lakewood government. Council has green decisions to make. The more information that councilors have at their fingertips the wiser their decisions should be. Looks like NREL has a program to work with local Governments. https://www.nrel.gov/state-local-tribal/index.html
--	--

If it needs expedited handling, please provide an explanation why	As with everything everything else, the sooner the better. We could invite representatives into Lakewood for a dog and pony show. OR We could go there. Possibly hold a workshop/study session there. Maybe make an afternoon out of it - moving from lab to lab. Maybe we could also invite other municipalities. Like Golden, Wheat Ridge, Morrison, Arvada. The more information that is decimated - the better for everyone.

Briefly describe the minor modification being requested	Various municipalities handle public comment differently than Lakewood. Through DRCOG or CML or other, could the council be assessed of various ways that public comment is handled by other municipalities? Upon hearing and discussing the options, council may want to adjust our public comment procedures.
---	--

Provide history / background information that supports the request	—Council has heard from the pro-Palestinian group two times. In addition, a comment from one or more of the members of the group said they would be back a third time. While I appreciate the members' passion, I do not feel that their repeated requests for a resolution for a cease fire in Gaza for a total of 3+ hours is necessary. In addition, the Belmar Park group & the anti-immigration group have had very lengthy unified messages. —Along another line, I do not feel that it is appropriate for a public comment to come in the form of a 10 minute (pooled time) video to be shown. The issue is not with the amount of time, but that a video doesn't fall into the category of public comment, in my opinion. —Lastly, vile anti-Semitic rhetoric was voiced during public comment, and the council left the dias instead of listening to the filth. Are there guidelines on when it is or is not appropriate to walk out during public comment? While we do not want to censor or quell freedom of speech, there have to be modifications to public comment procedures that we could borrow from other municipalities who enact procedures more efficient than ours.
--	---

If it needs expedited handling, please provide an explanation why	The Policies & Procedures manual is being updated. The decision to change public comment procedures—or not—should be made before the manual revision is completed. This could also be discussed in light of revisions to the charter.
